PART IV A

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 924L.A.—3rd March 1941.—The following report of the Select Committee on the Calcutta Municipal (Amendment) Bill, 1940, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

The Report of the Select Committee on the Calcutta Municipal (Amendment) Bill, [*1940.*] 1941.

We, the members of the Select Committee, to which the Calcutta Municipal (Amendment) Bill, 1940, was referred by a motion carried in the Bengal Legislative Assembly on the 10th September, 1940, have the honour to submit this our final report with the Bill embodying amendments recommended by us. Matter recommended to be omitted by us has been printed in italics and included in square brackets and new matter recommended by us to be inserted has been underlined.

The Committee met and began their deliberations on the Bill for the first time at 11 a.m. on the 4th December, 1940, and thereafter on the 5th December, 1940, and on the 6th January, 1941.

As the Committee could not come to a final decision on all the provisions of the Bill by the 31st January, 1941, the time appointed by the Assembly for the purpose, an *ad interim* report was presented to the House and the time for submitting the final report was extended till the 28th February, 1941.

The Committee thereafter met from time to time till the 26th February, 1941, when they concluded their deliberations on the Bill.

The Bill was published in the *Calcutta Gazette* before introduction on the 13th June, 1940, and we do not consider it to have been so altered by our recommendations as to require republication.

The reasons for the changes suggested in the Bill, apart from those of a purely drafting or consequential nature, are as follows:—

Clause 1.

The alteration in the date of the Act has been necessitated by the lapse of time since the introduction of the Bill.

Clause 3.

This clause has been deleted in consequence of the deletion of the proposed new section 19B recommended by us in clause 6.

Clause 5.

We thought it desirable to exclude the few words at the end of the proposed section 19 to avoid any possibility of undesirable controversies.

Clause 6.

The proposed new section 19B was intended as an extreme measure against "incompetence, persistent default in the performance of duties and abuse or excess of powers". In our opinion, the existing provisions of the Act together with the reformatory and penalising provisions introduced by the Bill, including the control of important appointments and supersession of a Department under certain circumstances, are expected, to provide sufficient safeguards against the charges usually made against the Corporation and we have considered it expedient to give the new conditions a fair trial before thinking of a clause for dissolution of the Corporation. We have, therefore, recommended the deletion of this *prima facie* drastic provision from the present Bill.

Clause 7.

In sub-clause (*1*) we have changed "six" to "four" in order to further extend the franchise under clause (*a*) of section 20 of the Act and particularly in view of the fact that there is no class of licenses for the exercise or carrying on of professions, trades or callings for which a fee of six rupees is payable under Schedule VI of the Act.

Sub-clause (2).—We did not consider it advisable to reduce the rent-qualification under section 20(*b*) as we were apprehensive of unscrupulous owners taking advantage of such reduction. We have, therefore, recommended deletion of the sub-clause.

Sub-clause (3).—While accepting the principle of reduction of the rate qualification contemplated by the original sub-clause we considered it desirable also to do away with the necessity of an application for registration required by the present law as all necessary particulars for such registration are available from the *Busti* Inspection Registers maintained by the Corporation. We have accordingly taken the opportunity of revising the entire sub-clause (*c*) of section 20.

Sub-clause (4).—In our opinion franchise contemplated by the proposed new sub-clause (*d*) to section 20 should have a lower rent-qualification for more adequate representation of the persons coming under this sub-clause and we have reduced it from rupees five, as originally proposed, to rupees three. The necessity for an application for registration as provided is expected to be a safeguard, in this instance, against abuse.

Clause 8.

Sub-clause 2.—In our opinion, the mere dismissal of a servant of the Crown unless such dismissal was on a charge involving moral turpitude should not render him ineligible for election or appointment as a Councillor or for election as an Alderman and we have amended the sub-clause accordingly.

Clause 9.

We have inserted a proviso to the proposed new section 36 (*1*). This is intended to provide for the proper representation of the particular constituency involved.

Clauses 10 and 12.

The provisos to the proposed sections 37 (*4*) and 39 (*2*) have been deleted consequentially on the deletion of the proposed new section 19B in clause 6.

Clause 13.

The amendment in this clause is intended to make the provision more stringent in view of the alarming increase in arrears of dues from some of the existing Councillors and Aldermen who are, by virtue of their office, in a more advantageous position than an outsider and are expected to set an example in the matter of payment of their legal dues.

Clause 14.

The deletion has been necessitated by the amendment recommended by us in clause 6 of this Bill.

New clause 16A.

While considering clauses 15 and 16 of the Bill we thought it desirable to take the opportunity of laying down the special procedure to be adopted in election petitions for further scrutiny and recount of votes and the new section 47A has been inserted for this purpose. Among others a preliminary deposit of one thousand rupees as security for costs, counting and scrutiny of votes by the Court, rejection of votes obtained by corrupt practice, casting of vote by lot in case of equality have been provided for after careful consideration.

In the proposed new section 47B we have made clear provisions as to costs and compensation in election cases to avoid any possibility of ambiguity in relation to these matters.

Clause 17.

The sub-clause (*ii*) of the proviso to the proposed new section 51 (*1*) has been deleted in view of the fact that the Committee were strongly of opinion, without casting any reflection on the capacities of the members of the Bengal Civil Service (Executive), that the Chief Executive Officer to be appointed by Government must, for the first few years at any rate, be a member of the Indian Civil Service. Other sources of recruitment for the post should be considered only after the affairs of the Corporation have been brought to a smooth and satisfactory working order.

Clause 18.

We have deleted the last few lines of the proposed new section 51A(*3*) as we considered it undesirable to tie the hands of Government in this matter.

The explanation to the proviso to the proposed new section 51B(*1*) has been inserted with a view to avoid any possibility of circumvention in the matter of temporary appointments.

Some new posts have been included in sub-section (*3*) of the proposed section 51B, as well as in the proviso thereto, as we thought these were of sufficient importance to be covered by the provisions of this sub-section.

In the proposed new section 51C(*2*) we have added a proviso giving to any officer or servant of the Corporation, aggrieved by any order of the Executive Officer, a right of appeal to the Corporation. This is expected to operate as a check against any hasty or arbitrary action on the part of the Chief Executive Officer.

Clause 22.

This clause had to be deleted in view of the deletion of the provision for dissolution of the Corporation.

Clause 23.

We have considered it expedient to add an explanatory clause to the proviso that the voting shall be by secret ballot. The intention is to obviate as far as practicable any undue influence or interference, in the matter of free exercise of the right of voting.

Clause 24.

The proposed section 66 has been redrafted with certain alterations. We did not think it necessary that all rules of business made by the Corporation need be subject to the approval of the Provincial Government. It was, in our opinion, essentially necessary, however, that Government should be provided with copies of the rules framed and should have a right to point out any legal or technical defect and also suggest the framing of new rules. The provisions of the original sub-section (*2*) have also been expanded to provide Government with powers to make rules in cases of failure of the Corporation to do so.

Clause 25.

In the proposed new section 66A we have limited the proposed power of the Executive Officer to sanction estimates up to Rs. 5,000 only instead of Rs. 10,000 as originally provided, as in our opinion, this would serve the purpose of the clause without conferring too wide a power on the Officer.

Clause 26.

The amendments to the proposed sub-section (*2*) of section 67 of the Act have been necessitated by the amendments in the proposed new section 66A.

New clause 28A.

In this clause we have proposed insertion of the new section 67A in order to ensure that execution of works or supply of materials involving expenditure over Rs. 1,000 is not undertaken except on the basis of a fair and over-board contract entered into by the Corporation, as the existing "system of cash purchase" is readily amenable to undue influence and improper advantage.

Clause 28.

The slight amendment here is consequential on the earlier amendments in the Bill.

Clause 32.

In amending this clause our object was to let the Corporation have the final say in expanding the scope of primary education although we have left the details of the proposals for such expansion to the recommendation of the Primary Education Standing Committee.

Clause 33.

In amending the proposed sub-clause (*1*)(*bb*) we have extended its scope to all concerns of public utility as we thought that the Corporation should have wider latitude in these matters. The amendment in sub-clause (*2*) is merely consequential.

Clauses 39 and 40.

We have recommended deletion of these clauses as we were of the opinion that these provisions, if enacted and brought into operation, would land the Corporation into difficulties and might also lead to other inequitable results. It is often difficult to realise arrears of consolidated rates from an occupier of land or building when he has left the holding. We were further of opinion that the liability *in rem* provided in section 205 of the Act should be treated as distinct from the liability *in personam* provided in section 200 of the Act. We thought, therefore, that the arrears should continue to remain a charge on the land or building. Experience has shown that a provision for realisation to be completed within three years cannot be worked properly and is bound to result in ultimate financial loss to the Corporation. We have, therefore, thought it proper to delete clause 40.

Clauses 41 and 42.

In these two clauses we have considered it desirable to insert a clear provision against permanent closure of "parts of squares or gardens" except under the provisions of the clause. Some consequential changes being necessary in sections 306 and 307 of the Act the clauses had to be recast and redrafted as recommended by us.

Clause 44.

The earlier portion of the proposed new section 365A(*1*) appeared to us too wide and open to abuse by unscrupulous persons. We have, therefore, limited the scope of the clause. Under our recommendation only those persons who are really affected by any contravention of rules or provisions of this Act, will be entitled to take action under this clause. As an additional safeguard we have inserted the new sub-clause (*1a*) by requiring the Magistrate to scrutinise an application under this section before proceeding with the case.

Clause 46.

We have deleted the original sub-clause (*a*) of the proposed proviso as we considered it undesirable for the Executive Officer to take any action over the head of the Corporation. Government measures should be called for only where the Corporation, and not any of its subordinates, has failed to take action and we have amended the rest of the proviso accordingly.

Clause 48.

We have deleted sub-clause (2)(*b*) as we did not find any sufficient ground for raising the limit of penalty in this case.

*Signed subject to the minute of dissent, annexed.

NOTE 1.—Signatures of Mr. K. Nooruddin, M.L.A., Mr. Syed Badrudduja, M.L.A., and Mr. Syed Jalaluddin Hashemy, M.L.A., had not been obtained till the time of printing this report.

NOTE 2.—Mr. J. N. Gupta, M.L.A., Mr. Pulin Behary Mallick M.L.A., and Mr. W. C. Wordsworth, M.L.A., were appointed members of the Select Committee by Mr. Speaker under rule 127 of the Bengal Legislative Assembly Procedure Rules in the respective vacancies caused by the resignation by Maharaj Kumar Uday Chand Mahatab, M.L.A., and Mr. Hem Chandra Naskar, M.L.A., of their membership of the Select Committee and by Mr. F. J. Marindin of his membership of the Assembly.

Minute of Dissent by Mr. J. N. Gupta, M.L.A.

While I reserve to myself the right to suggest any amendments I may think fit when the Bill, as amended by the Select Committee, comes before the Assembly, I sign the report subject to the following minute of dissent:—

In clause 18, in sub-section (*3*) of new section 51A, I consider that the members of the Service Commission should not be appointed on communal basis; hence, I suggest that the fourth and fifth lines be deleted.

Joint Minute of Dissent by Mr. Anukul Chandra Das, M.L.A., and Mr. Pulin Behary Mullick, M.L.A.

We, the undersigned members, sign on Select Committee's Report, subject to the following note of dissent:—

That in clause 17 the appointment of the Chief Executive Officer should not be reserved for the members of the Indian Civil Service, but the same should also be open to the members of the Bengal Civil Service (Executive). Therefore, the original clause (*ii*) should be retained.

That in clause 18 which deals with section 51A, sub-clause (*3*), in place of "one a person other than Muhammadan" the following should be inserted "one a person belonging to the Scheduled Castes." This is necessary to safeguard the interest of the Scheduled Castes who have been systematically neglected in the administration of the Calcutta Corporation.

Joint Minute of Dissent by Mr. C. W. Miles, M.L.A., and Mr. W. C. Wordsworth, M.L.A.

We generally approve of the provisions of the Bill and the alterations made by the Select Committee in so far as they relate to the executive and the proceedings of the Corporation, but we find it necessary to record our dissent with regard to the following points:—

(1) We consider that the inclusion of provisions extending the franchise in a Bill the primary object of which is to improve the administration of the Corporation inadvisable and inappropriate. The addition of a large number of new voters to the Electoral Roll will tend to increase the opportunities for the irregularities which have been so marked a feature of recent Corporation elections and will hinder rather than help the main object of the Bill. In our opinion extension of the franchise is a separate problem which should be considered in conjunction with the rules governing the conduct of elections and the preparation of electoral rolls and the statutory provisions relating to elections and dealt with in a separate Bill.

(2) In our opinion clauses 43 and 44 do not touch the root of the undoubtedly unsatisfactory position with regard to the regulation of buildings in Calcutta. The trouble is mainly due to the system of sanctioning building rules and to the fact that the building rules themselves are out of date, and we therefore consider that the provision in clause 44 for filing objections to contraventions of the building rules will be of little value so long as the building rules themselves are not revised and may prove a source of additional trouble. We therefore recommend that these provisions should be omitted from this Bill and that Government should immediately take up the revision of the building rules with a view to introducing a separate amending Bill dealing solely with this question.

(3) Our signature of the Report does not denote our acceptance of (*a*) the constitution of the Service Commission as laid down in clause 18, new section 51A(*3*), nor the alteration made by the Select Committee to this sub-clause, and (*b*) the deletion of clauses 39 and 40.

We reserve the right to move any amendments to the provisions of the Bill we consider proper.

Joint Minute of Dissent by Mrs. Hasina Murshed, M.L.A., and Khan Sahib Muhammad Solaiman, M.L.A.

We feel that we cannot sign the Report of the Select Committee without stating our views on certain clauses of the Bill.

Clause 17.—Sub-clause (*ii*) of the proviso to the proposed new section 51(*1*) should not in our opinion be deleted. We very strongly feel that this deletion is absolutely uncalled for and the original sub-clause (*ii*) of the proviso to the proposed new section 51(*1*) should be restored. We fail to understand why this sub-clause should be deleted at all. If any amendment was needed, the scope of clause 17 might have been extended rather than narrowed down, as it is now sought to be done by deleting the sub-clause (*ii*) and thereby debarring a class of officers from being appointed Chief Executive Officer who actually form the backbone of administration in the province. It is very curious that in a scheme of Provincial Autonomy provision should be made for the employment of an officer of the Indian Civil Service over whom the Ministers have no control whatsoever. It is, therefore, a retrograde policy to reserve by statute a post for members of the Indian Civil Service over whom the Ministry have no control. Secondly, from the point of view of efficiency, it cannot be said that officers of the Provincial Civil Service are in any way inferior in calibre, in administrative ability and in other respects to the members of the Indian Civil Service as a class. In spite of the very limited opportunities to the members of the Provincial Civil Service, they have held the highest of administrative posts available to them in the province, for instance, posts of Divisional Commissioners have very worthily been filled by the members of that Service. It is extremely unfair therefore to shut out officers of this category by statute. The suggestion for the deletion of the sub-clause, in our opinion, is tantamount to a want of confidence in members of a Service over which we have control and which has for more than a century established a tradition of which it may well be proud.

Clause 40.—We do not agree that clause 40 of the Bill should be deleted. While we appreciate the difficulties which might ensue if clause 40 were enacted, we cannot at the same time give a *carte blanche* to the Corporation authorities to allow arrears to accumulate through their own indifference and remissness and then make the party liable for such huge arrears of rates and taxes. In our opinion, the deletion of this clause will have the effect of putting a premium on negligence, and we feel that in no case should the Corporation authorities be permitted to realise arrears beyond a certain specified period. There may be a difference of opinion with regard to the period of limitation. If the three years suggested previously be considered to be too small, we suggest that the period be fixed at four. In other words, no rates, etc., will be leviable after the expiry of four years from their becoming due. Four years ought to be enough to enable the Corporation authorities to wake up and to realise their dues. If they do not, the fault certainly lies with the authorities and not with the poor tax-payers. Where is the guarantee that the so-called arrears have not been due to the indifference and negligence on the part of the tax-collectors more than to the unwillingness on the part of the tax-payers to pay? We therefore repeat that we very strongly feel that this sub-clause should be restored, but the period of limitation may be altered to four years.

Note.—Matter omitted by the Select Committee has been printed in italics and included in square brackets and new matter inserted by the Select Committee has been underlined.

THE BENGAL MEDICAL (AMENDMENT) BILL, 1937.

A

BILL

further to amend the Bengal Medical Act, 1914.

Preamble.

WHEREAS it is expedient further to amend the Bengal Medical Act, 1914, for the purpose hereinafter appearing; Ben. Act VI of 1914.

AND WHEREAS the previous sanction of the Governor has been obtained under sub-section (*1*) of section 119 of the Government of India Act, 1935, to the passing of this Act; 26 Geo. 5, Ch. 2.

It is enacted as follows:—

Short title.

1. (*i*) This Act may be called Bengal Medical (Amendment) Act, 1937.

Extent and commencement.

(*ii*) It extends to the whole of Bengal.

(*iii*) It shall come into force on the day on which it is published in the *Calcutta Gazette* after having received the assent of the Governor.

2. (*i*) After section 17 add the following proviso:—

Provided that the Local Government may, after consulting the Council, permit registration of—

(*a*) any person who shall furnish to the Registrar proof that he is possessed of a medical degree, diploma or certificate of any University, Medical College or School approved by the Council other than those described in the Schedule and is such as was actually practising the western (modern scientific system of Allopathic) medicine before 27th May, 1914,

(*b*) any person who shall furnish to the Registrar proof that he has obtained proper training in any medical institution approved by the Council and has joined medical profession before the enforcement of the Bengal Medical (Amendment) Act, 1937, provided that he passes a special examination such as the Council may hold for the purpose of granting registration.

(*ii*) In proviso to section 17 between the word "provided" and the words "that the Council" the word "further" shall be added.

STATEMENT OF OBJECTS AND REASONS.

The Bengal Medical Act (Act VI of 1914) was passed in 1914. But unlike similar Acts in the Punjab, the United Provinces, Burma, Bombay and even in England it did not provide for the permanent relief of the then medical practitioners actually practising in the province. In lieu of this the Government of Bengal only provided temporarily for a limited number of trained men to obtain the registrable qualifications by passing examination. This transitory provision is, however, quite inadequate. Many of the medical practitioners, who lived abroad at that time or who remained in the remotest corners of the interior villages and were not aware of the privilege, had been left out. These unregistered practitioners are not now deemed qualified and are not even considered fit to certify their patients' illness or to procure requisite medicines for their patients. Thus the present All-India Medical Mission have come into existence. It was through their efforts that legislation on the subject was tried several times without success. It is now time to consider the matter afresh and some permanent relief is to be given to these poor medical practitioners.

The Medical Act (Act VI of 1914), while restricting the registration of medical practitioners did not restrict the establishment of private medical institutions. Some of these unrecognised institutions have since been recognised. But the students who completed their course of education therein and began to practise before such recognition have been left in the lurch. Therefore it is found that there are two sets of good doctors trained at the same institutions, one set of whom are unqualified for want of registration, while another set are qualified by registration. It is but fair and equitable that such students should be given another opportunity of being qualified.

Other medical institutions still unrecognised are producing medical practitioners. In order to qualify them they should also be given a chance to appear in another Licentiateship examination similar to that of 1916.

It is to do away with the disabilities of these medical practitioners and to enable them to get their names entered in the "Register of Registered Practitioners" that this amendment to the Bengal Medical Act (Act VI of 1914) is required.

NOTIFICATION.

No. 927L.A.—3rd March 1941.—It is hereby notified for general information that at the meeting of the Bengal Legislative Assembly held on the 28th February 1941, a motion was carried that the Bengal Rent Reduction (Temporary Provisions) Bill, 1940, by Maulvi Abdul Hakim, Member, Bengal Legislative Assembly, be re-circulated for the purpose of eliciting further opinion thereon by the 31st December 1941. Expressions of opinion by public bodies or by individuals interested in the said Bill, which is republished together with its Statement of Objects and Reasons in this Gazette, should be sent so as to reach the undersigned before that date.

K. ALI AFZAL,
Secy. to the Bengal Legis. Assembly.

THE BENGAL RENT REDUCTION (TEMPORARY PROVISIONS) BILL, 1940.

A BILL

to provide for the reduction of excessive rents prevailing in agricultural areas comprised in permanently-settled and revenue-free estates in Bengal.

WHEREAS it is expedient pending the enactment of further legislation to reduce excessive rents payable by tenants and also to fix the maximum rates of rents payable by *raiyats* and under-*raiyats* in the permanently-settled and revenue-free estates in Bengal.

It is hereby enacted as follows:—

1. (*1*) This Act may be called the Bengal Rent Reduction (Temporary Provisions) Act, 1940.

(*2*) It extends to permanently-settled and revenue-free estates in Bengal, but shall not apply to Government estates and non-agricultural areas comprised in any estate.

(*3*) It shall come into force on such date as the Provincial Government may by notification in the official Gazette appoint and shall continue in force for 20 years from the date of its commencement.

2. In this Act unless there is anything repugnant in the subject or context the expressions holding, *raiyat*, under-*raiyat*, rent, tenant, estate, tenure, under-tenure, proprietor, landlord, and permanent settlement, have the same meanings as in the Bengal Tenancy Act.

3. Notwithstanding any contract to the contrary between the parties in any area to which this Act applies, the rate of annual rent payable by a *raiyat* shall not exceed three rupees per acre:

Provided that if in any estate the average rate of revenue per acre is found to be two rupees or more, the rate of annual rent payable by a *raiyat* may be more, but shall not exceed by more than fifty per cent. the average rate of revenue in that estate.

4. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* to the *raiyat* who is his immediate landlord, shall not exceed, by more than fifty per cent., the rent payable by the *raiyat* to his immediate landlord in respect of the land comprised in the under-*raiyati* holding.

5. Notwithstanding any contract to the contrary between the parties the rent payable for a holding by an under-*raiyat* of the second or a still lower grade to his immediate landlord shall not exceed, by more than ten per cent., the rent payable by his immediate landlord in respect of the land comprised in such under-*raiyati* holding of the second or a still lower grade.

6. Notwithstanding any contract to the contrary between the parties, the rent payable by the tenure-holder or by the under-tenure-holder of any grade to his immediate landlord will be reduced in proportion to the reduction, if any, made in the rent payable by the *raiyat* in that tenure.

The Bengal Rent Reduction (Temporary Provisions) Bill, 1940.

(Clauses 7—10.)

7. After the commencement of this Act, the court, on an application made for reducing rent in accordance with the provisions of this Act, by a tenant whose rent is in excess of the rent as provided by this Act, shall reduce the same in accordance with the provisions of this Act :

Provided that no court shall make any such order unless notice of the application has been served to all the immediate landlords.

8. The provisions of this Act shall not apply to any estate or holding in which the rates of rent are found to be lower than the rates as provided by this Act.

9. Nothing in this Act shall apply to any tenant who holds land under the Government or who holds land at a rent fixed in perpetuity.

10. The provisions of this Act shall not be affected by anything contained in any other law for the time being in force.

STATEMENT OF OBJECTS AND REASONS.

The most burning question of Bengal to-day is the excessive rent imposed upon the *raiyats* by their landlords. In many cases all over Bengal heavy rents imposed upon *raiyats* are now much beyond their economic capacity. In fact, in a great many estates rents have been enhanced to such exorbitant amounts that the lands of *raiyats* have been rapidly passing away from their hands, as a result of which a large number of *raiyats* of this province have already left their lands and have been compelled to take shelter in the jungles of Assam. As an instance of excessive rental of an estate, it may be quoted here that the revenue of Aila Tearkhali and Fuljhuri Estate in the district of Bakarganj is Rs. 372-3-8, while the total demand of rents from *raiyats* of this estate amounts to Rs. 92,987-7-5. The rates of rents existing in many individual *raiyati* holdings in certain permanently-settled areas in the district of Mymensingh have been found to be as high as Rs. 16 or so per acre, while the average revenue is only three annas two pies per acre throughout the whole district. In the district of Howrah the rates of *raiyati* rents have been found to be surprisingly excessive. These rates have gone up to Rs. 25 or so per acre in certain estates. Instances of excessive rents are a legion. It goes without saying that no rent legislation on a very fair and equitable basis is possible for the cultivators without doing away with the permanent settlement and all other intermediate rights by State acquisition as has been contemplated by the Land Revenue Commission. The mover of this Bill believes that it would not be feasible to carry out a scheme of State acquisition of all those rights in less than 20 years, so an *ad interim* legislation for such a period for reduction of high rent is urgently required in anticipation of a better and all-round rent legislation in future, so that no more lands may pass away from the hands of *raiyats* on account of their heavy rents. The Land Revenue Commission has already submitted an elaborate report and has recommended reduction of rent where it is high. The Commission has also made the striking remark that if any reduction of rent is contemplated by Government, it should be made before acquiring the interests of proprietors and tenure-holders.

From a note of dissent struck by a prominent member of Commission, it is found that the average rate of rent in Bengal has increased by nearly 160 per cent. since the time of granting permanent settlement. Moreover, no Zemindar has up till now done any work of agricultural improvement worth the name. The Commission has also found that the yield of rice in Bengal is low in comparison with other provinces and countries. From the Commission's enquiry it also transpires that the average revenue per acre is surprisingly low in the major portion of the permanently-settled areas in this province. This average revenue per acre varies from 6 pies to 15 annas, 9 pies only, in 22 districts and rises up to 1 rupee, 14 annas, 7 pies only, in the remaining few districts. Cultivators of Bengal are also hopelessly indebted. Besides, they have no subsidiary occupation and agricultural price, too, has gone down to a lower level. Considering all these facts, the high rents of Bengal should be reduced to the paying capacity of the cultivators as proposed by the mover.

The most prominent features of this Bill are clauses 3 and 4 which seek to reduce high rents and provide for the maximum limits to rents payable by the *raiyats* and under-*raiyats* who are the actual cultivators. Clause 3 fixes the maximum limit of *raiyati* rent to Rs. 3 per acre of cultivated land in all the estates where the average revenue falls below Rs. 2 per acre. As the average revenue per acre in permanently-settled areas is less than Re. 1 in 22 districts, this rate would be the prevailing fair rate in most parts of the province. The Commission has found that in Bengal the average *raiyati* rent per acre of cultivated area in Government estates is Rs. 3-1-10 and the average rate of *raiyati* rent per acre in permanently-settled areas is Rs. 3 and in Madras the recognised Government rates of *raiyati* rents for unirrigated lands are only Re. 1 to Re. 1-4 per acre. Considering all these rates, the maximum rates as provided in this Bill can be taken as comparatively fair and tolerable rates in Bengal which is mostly an unirrigated province. Clause 5 has been provided to discourage too much sub-letting. The Bill does not recommend any reduction of rent in areas where the rates would be found lower than the rates proposed in this Bill inasmuch as the rents prevailing in those areas are presumed to be not excessive. As Government has got inherent power to reduce high rents in Government lands, all such lands have been excluded from the purview of this Bill. Government has also undertaken to bring a separate Bill for giving adequate relief to the non-agricultural tenants, hence non-agricultural lands too have been excluded from this Bill. The mover cannot but mention here that the discretionary power given to courts under sections 38 (*1b*), and 112 of the Bengal Tenancy Act is of no avail to the poor and illiterate cultivators in seeking real remedy against the influential landlords.

Finally, it may be added here that any loss of existing cesses in consequence of the proposed reduction of rent may be recouped if required by readjusting such cesses on acreage basis instead of rupee basis.

In view of the aforesaid reasons, the mover of this Bill intends to introduce this *ad interim* measure into the Legislature to give immediate relief to the rack-rented cultivators of this province as has been done in Behar.

THE BENGAL MARRIAGE DOWRY PROHIBITION BILL, 1940.

A

BILL

to prohibit the custom of payment of marriage dowry prevalent in Bengal.

Preamble.

WHEREAS it is expedient to prohibit payments made or agreed to be made as a part of contract of marriage, it is enacted as follows :—

Short title.

1. (*1*) This Act may be called the Bengal Marriage Dowry Prohibition Act of 1940.

(*ii*) It shall come into force as soon as it receives the assent of the Governor-General and Viceroy.

(*iii*) It extends to the whole of Bengal. The provisions of this Act shall apply to Hindus and Moslems of Bengal only.

Definition.

2. In this Act unless there is anything repugnant in the subject or context.

"Dowry " means anything paid or agreed to be paid in cash or in kind to a person betrothed or married or to a parent or any other relation or guardian of such person and *vice versa* in connection with or in consequence of the betrothal or marriage :

Provided that voluntary marriage gifts such as ornaments to brides and dresses to bridegrooms are not within the meanng of this definition :

Provided further that nothing in this Act applies to payments of "Mohar" to brides or other religious obligations enjoined in Hindu or Muhammadan laws.

"Marriage" means a marriage both according to Hindu and Moslem laws.

"Payment " means payments in kind or cash.

3. No person shall offer or accept or make a contract to offer or accept any payment as marriage dowry.

4. Whoever contravenes the provisions of section 3 shall on conviction be punishable with simple imprisonment which may extend to six months or with fines which may extend to five hundred rupees or with both :

Provided that no woman shall be sentenced to imprisonment.

5. If the bridegroom himself is guilty of the offence punishable under this law he shall be declared by the Court unfit for Government services or services in semi-Government public bodies or Government-aided institutions over and above the terms of punishment provided in section 4.

6. An offence under section 3 or section 4 of this Act shall be a cognizable offence to be tried by a First Class Magistrate.

An appeal shall lie to the Sessions Judge or the High Court as the case may be from all orders of conviction under this Act.

7. The Provincial Government may make rules for the purpose of carrying into effect the provisions of this Act.

STATEMENT OF OBJECTS AND REASONS.

The aims and objects of this Bill are well known to the public of Bengal and specially to the members of this House. It is sufficient to say that the present dowry system of Bengal ruined and have been still ruining many flourishing Hindu families. Recently, it has begun to attack the well-to-do families of the Moslem community and time is not far off when its infectious germs will enter into the bones of the poorer section and thus shall complete the annihilation of the poor Moslem community of Bengal. Hindu parents might have some justification in the past to provide their daughters with due shares of their earnings in the honest and *bona fide* belief that after their deaths their daughters would not inherit their properties and treatment of their sons towards their sisters might not be what common custom of humanity demands. But Muhammadan parents have no justification whatsoever to yield any concession to their sons-in-laws who are entitled to enjoy the properties of their wives who inherit the properties of their parents.

Islam has allowed highest respect and status for women—the mother sex, but the vicious attack of this dowry system has begun to lower that value; so it is religious obligations of the Moslem legislators to support this Bill and thus help to abolish this dowry system.

2. This measure is intended to do away with the usual practice of calling in private medical practitioners by both employers and workmen to give verbal evidence on the points under dispute and the necessity of engaging medical assessors by the Commissioner for Workmen's Compensation.

DEPARTMENT OF AGRICULTURE, BENGAL.

Ramna, the 27th February 1941.

Second Forecast of the Spring Oilseed Crops of Bengal, 1940-41.

(*Note.*—On an average of the five years ending 1938-39, the area under linseed in Bengal has represented some 3·3 per cent. and that of rape and mustard 12·9 per cent. of the total area under these crops in India.)

Character of the season.—Excepting in some parts of the province, the weather conditions have been unfavourable throughout owing to drought which has adversely affected the growth of the crops.

Area sown.—Oilseeds are chiefly grown in the Dacca, Rajshahi and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting *sesamum* for which separate forecasts are issued) is returned at 951,100 acres this year as against 964,600 and 965,200 acres respectively in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates the average outturn of the different oilseed crops for the province works out at 67 per cent. of the normal as against 76 and 73 per cent. reported respectively in the corresponding and final forecasts of last year.

M. CARBERY,
Director of Agriculture, Bengal.

8. (*1*) The Court-fees Act, 1870, shall, in its application to Bengal, be amended in the manner provided in sub-section (*2*).

VII of 1870.

Application.

9. The provisions of sections 18B to 18H (both inclusive) of the Bengal Local Self-Government Act of 1885 as substituted by section 3 of this Act shall apply to all proceedings relating to disputes in respect of any election of a member of a District Board or of a Local Board which are pending on the date of commencement of this Act, either in any Civil Court or before any authority appointed before such date to decide such disputes under the Bengal Local Self-Government Act of 1885 and no such proceedings shall be continued after the commencement of this Act. Ben. Act III of 1885.

STATEMENT OF OBJECTS AND REASONS.

It has been the policy of Government that election disputes shall not be subject to dilatory and expensive Civil Court proceedings. There is a special machinery set up under the Bengal Municipal Act, 1932, and the Calcutta Municipal Act, 1923, for deciding election disputes to the exclusion of the ordinary Civil Court which is effectively debarred from interference in the internal administration of the local bodies governed under these Acts. The jurisdiction of the Civil Court has also been ousted in the case of elections of members of union boards under the Bengal Village Self-Government Act, 1919.

Under section 138(*a*) of the Bengal Local Self-Government Act of 1885 the Provincial Government can frame rules determining the authority to decide disputes relating to elections held under the Act. But as the Act does not contain any specific provision for ousting the jurisdiction of the ordinary Civil Court in respect of election disputes, the interested parties are free to take such disputes to the Civil Court instead of to the prescribed authority. This has actually happened in the case of the last local board elections in the district of Burdwan where by virtue of rule 1A of the Election Rules under the Bengal Local Self-Government Act of 1885 the District Magistrate is the prescribed authority to decide electoral disputes. Suits have also been filed in the Civil Courts in respect of certain elections of members of the district boards of Dacca and Chittagong held under the Rules for Direct Election to District Boards. The life of the boards concerned would be unduly prolonged in all these districts in consequence of such resort to dilatory Civil Court proceedings. To guard against such undesirable consequences this Bill seeks to provide for a special machinery for the decision of disputes relating to elections held under the Bengal Local Self-Government Act of 1885 and at the same time oust the jurisdiction of Civil Courts in respect of such disputes as has been done under the other Acts relating to the administration of local self-government in the Province.

It is further proposed that the principles of the Bill, when enacted into law, should apply to elections which have already been held and in respect of which disputes are still pending in Civil Courts, so that the new boards to which elections have been made may come into existence and function without avoidable delay.

in this Chapter as the Judge), may hold such inquiry in accordance with the procedure prescribed by rules made by the Provincial Government under section 138 as he deems necessary.

(2) For the purposes of the said inquiry the Judge may summon and enforce the attendance of witnesses and compel them to give evidence as if he were a Civil Court, and may also direct by whom the whole or any part of the costs of such inquiry shall be paid, and such costs shall be recoverable as if they had been awarded in a suit under the Code of Civil Procedure, 1908. Act V of 1908.

(3) The Judge may, at any stage of the proceedings, require the petitioner to deposit in Court a further sum as the costs incurred or likely to be incurred by any respondent, or to give security, or further security for the payment of the same, and if, within the time fixed by him, or within such further time as he may allow, such costs are not deposited or such further security is not furnished, as the case may be, may dismiss the petition.

Grounds for declaring election void.

18D. (1) If the Judge after holding an inquiry under section 18C is satisfied that—

(a) the election of a returned candidate has been procured or induced, or the result of the election has been materially affected, by a corrupt practice, or

(b) any corrupt practice specified in Part I of the Fourth Schedule has been committed, or

(c) the election has not been a free election by reason of the general employment of bribery or undue influence as defined in Chapter IXA of the Indian Penal Code, or by reason of any form of general intimidation, including any form of social boycott, or Act XLV of 1860.

(d) the result of the election has been materially affected by any non-compliance with the provisions of this Act or the rules made thereunder or by any mistake in the forms required thereby or by any error, irregularity or informality on the part of any officer charged with or carrying out any duty under this Act or rules made thereunder, or

(e) the result of the election has been materially affected by the improper acceptance or refusal of candidate's nomination,

he shall declare the election of such candidate to be void, provided that the previous proceedings of the local authority concerned shall not be deemed to be affected thereby in any respect.

(2) If, after any such inquiry, the Judge is of opinion that a returned candidate has been guilty by an agent (other than his election agent) or any other person of any corrupt practice specified in Part I of the Fourth Schedule which does not amount to any form of bribery other than treating as hereinafter explained or to the procuring or abetment of personation, and if the Judge is also of opinion that the candidate has satisfied him that—

(a) no corrupt practice was committed at such election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders and without the sanction or connivance of such candidate or his election agent, and

(b) the corrupt practices mentioned in the said report were of a trivial, un-important and limited character, and

The Bengal Local Self-Government (Amendment) Bill, 1941.

(Clauses 4—7.)

(c) in all other respects the election was free from any corrupt practice on the part of such candidate or any of his agents,

then, the Judge may find that the election of such candidate is not void.

Explanation.—For the purposes of this sub-section "treating" means the incurring in whole or in part by any person of the expense of giving or providing any food, drink, entertainment or provision to any person with the object, directly or indirectly, of inducing him or any other person to vote or refrain from voting or as a reward for having voted or refrained from voting.

Scrutiny of votes and declaration in other cases.

18E. (*1*) If, in any case to which section 18D does not apply, the validity of an election is in dispute between two or more candidates, the Judge shall after a scrutiny and computation of the votes recorded in favour of each candidate declare the candidate who is found to have the greatest number of valid votes in his favour to have been duly elected :

Provided that for the purpose of such computation no vote shall be reckoned as valid if it is found by the Judge that any corrupt practice was committed by any person known or unknown in giving or obtaining it.

(*2*) Every candidate at the election to which the dispute relates shall be deemed to be a party to such dispute.

Confirmation of election by the Judge.

18F. If the Judge after holding an inquiry under section 18C is satisfied that no ground exists for declaring the election to be void in the manner provided in sub-section (*1*) of section 18D or modifying it in the manner provided in section 18E he shall confirm the election.

Decision of the Judge to be final.

18G. The decision or order of the Judge under section 18D, 18E or 18F shall be final.

Bar to interference by Courts in election matters

18H. No election of a member of a District Board or a Local Board shall be called in question in any Court except under the procedure provided by this Act and no order passed in any proceeding under sections 18B to 18G (both inclusive) shall be called in question in any Court and no Court shall grant an injunction—

(*a*) to postpone an election of a member of a District Board or a Local Board, or

(*b*) to prohibit any person declared to have been duly elected under this Act from taking part in the proceedings of a District Board or a Local Board of which he has been elected a member, or

(*c*) to prohibit the members formally elected or appointed for a District Board or a Local Board from entering upon their duties."

Amendment of section 19.

4. In sub-section (*1*) ot section 19 of the said Act, for the words, figures and letter "having become void under section 18B" the words, figures and letter "having been declared void under sub-section (*1*) of section 18D" shall be substituted.

Amendment of section 138.

5. In clause (*a*) of section 138 of the said Act as in force in areas under the administration of Union Boards established under the Bengal Village Self-Government Act, 1919, and in areas not under such administration, for the words "and determining the authority who shall decide disputes relating to such elections" the words, figures and letter "and determining the procedure to be followed by a Judge under section 18C in inquiring into election petitions" shall be substituted. Ben. Act V of 1919.

Repeal of section 148.

6. Section 148 of the said Act is hereby repealed.

Amendment of Fourth Schedule.

7. In the reference to sections under the heading to the Fourth Schedule to the said Act for the word, figures and letter "and 18B" the word, figures and letters "18D and 18E" shall be substituted.

Rules for recruitment of stenographers in the Secretariat and in certain other Government offices.

1. An examination will be held in the month of January for the purpose of selecting candidates for appointment as stenographers. The examination will be conducted by the Public Service Commission, Bengal.

2. In the case of a person not in the permanent service of Government the qualifications for admission to the examination shall be as follows:—

(*i*) He must have passed at least the Matriculation Examination of an Indian University, the High Madrassa examination or the High School examination of the Board of Intermediate and Secondary Education, Dacca, the School Final (Science Side) or the Government Commercial Course Final examination, or have obtained the Indian Army Special Certificate of Education, or if a European or Anglo-Indian not so qualified have obtained at least the Elementary School Certificate and taken the Supplementary Commercial Course prescribed by the European Schools Code; and

(*ii*) His age must be less than 25 years on the 1st July of the year in which the examination is held.

Evidence that the candidate possesses the above qualifications must accompany the application. As evidence of age, the candidate must produce his Matriculation Certificate, or failing this, equally satisfactory documentary proof. All certificates must be sent in original.

N. B.—The candidate must pay into the treasury a sum of Rs. 10 by way of examination fee and must forward the treasury receipt with his application. Under no circumstances will this sum be refunded.

3. With the permission of the Head of his office a person already in the permanent service of Government will be allowed to sit for the examination.

N. B.—Candidates already in Government employ are also required to pay the prescribed fee of Rs. 10.

4. The examination will consist of three papers:—

(*i*) Essay writing—100 marks.

(*ii*) Typing—100 marks.

(*iii*) Dictation and transcription—400 marks.

Credit will be given for neatness, accuracy and speed. To qualify, candidates must secure an aggregate mark of 50 per cent. of the possible total in the three papers with a minimum of 40 per cent. in each paper. In addition they must attain a speed of at least 120 words to the minute and must be able to transcribe accurately on the typewriter at not less than 30 words to the minute.

The third paper will consist of a dictation lasting for seven minutes followed by a transcription of notes for an hour. The dictation will be divided into three periods—the first for three minutes at the minimum speed of 100 words to the minute, the second for two minutes at a speed of 120 words to the minute and the third for two minutes at a speed of 140 words to the minute.

5. On the 1st of November each year the Heads of Offices to which these rules apply will send to the Public Service Commission a memorandum showing the number of permanent vacancies which are expected in the posts of stenographer in their offices during the period between the 1st of January to the 31st December of the following year. This memorandum should show how the vacancies are to be reserved for different communities in accordance with the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940.

6. When a permanent vacancy, not foreseen at the time of the submission of the memorandum referred to in rule 5, occurs after submission of the memorandum but before the 31st December of the following year, the Head of the Office should report such vacancy to the Public Service Commission forthwith, stating the community for which it is reserved, and the Public Service Commission will allot a candidate from those persons who qualified at the examination last held.

7. Subject to the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940, vacancies in the permanent posts of stenographers shall be filled by the appointment in order of merit of candidates who have qualified at the recruitment examination, provided that every alternate vacancy shall be given to a permanent typist, if any, who has appeared and qualified in the examination. The appointment of such typists will be governed by the provisions of the Bengal Services Recruitment (Communal Ratio) Rules, 1940.

8. Subject to the provision of the Bengal Services Recruitment (Communal Ratio) Rules, 1940, temporary vacancies and vacancies in temporary posts shall be filled by the appointment of candidates who have qualified at the recruitment examination but are not sufficiently high in order of merit to obtain permanent posts. It must be distinctly understood that such temporary employment gives no claim to permanent employment.

9. As soon as the results of the examination are available, the Public Service Commission will allot candidates to offices for appointment to the various vacancies on the basis of their requirements as reported in the memoranda referred to in rule 5 or as subsequently modified under rule 6.

10. No candidate will be offered an appointment unless he produces an unconditional medical certificate of fitness for service under Government from the Presidency Surgeon, who is entrusted with the duty of examining candidates. The Public Service Commission, Bengal, may at their discretion allow a candidate time, which will in no case exceed three months, to have a temporary defect removed. Appointments to vacancies will not be delayed on this account, and a candidate to whom this concession is granted can only be appointed to a vacancy which exists after he produces an unconditional medical certificate.

Newly appointed stenographers will be on probation for two years. No probationer in the Secretariat will be confirmed unless he qualifies at the annual proficiency test referred to in rule 11 and anyone failing to qualify within two years of appointment on probation will be liable to be discharged.

11. In order to determine whether they have maintained the required standard of efficiency all stenographers having a lien on a permanent appointment will be required to sit annually at the Stenographers' Recruitment Examination to be held in the month of January by the Public Service Commission, Bengal. They will be examined in the third paper only (Dictation and Transcription), as shown in rule 4 of these rules, and must secure a minimum of 40 per cent. in order to pass the proficiency test.

Permanent stenographers who fail in this test will have their increments stopped until they requalify.

No fee will be payable by a stenographer who sits at the Stenographers' Recruitment Examination under the provisions of this rule.

12. The pay of the posts of stenographers in the Secretariat will be on the scale of Rs. 80—10/2—120—15/2—240 with an efficiency bar after the 6th stage. Only those persons who have proved at the annual proficiency examination of the preceding years that they have consistently maintained a standard of efficiency at a minimum rate of 120 words to the minute will be allowed to cross the efficiency bar.

A person may be resident within the limits of more than one municipality at the same time.

2. (*1*) The Deputy Commissioner shall issue an order in writing fixing the date—

(*a*) (*i*) for a general election under section 24(*3*), at least seven months before the expiration of the fourth year referred to in sub-section (*3*) of section 24 of the Act or of the term of office of the Commissioners if it has been extended under sub-section (*5*) of section 56 of the Act,

(*ii*) for a general election under section 552 or under clause (*ii*), sub-section (*2*) of section 554 of the Act, at least seven months before any such election, and

(*b*) for any other election or bye-election, as soon as possible on each occasion, but at least 50 days before any such election or bye-election.

(*2*) The Deputy Commissioner shall communicate the date fixed for any election to the Chairman who shall forthwith publish the same in the manner prescribed by section 507 of the Act.

3. Within 30 days after the announcement of the date of a general election within a municipality, any company, body corporate, firm or other association of individuals or any joint family, entitled to vote through one of its members as its representative, shall send a letter to the Registering Authority stating the qualification entitling it to vote and the name of the person who will vote on its behalf.

5. Within 30 days after the announcement of the date of a general election within a municipality, any person claiming to be entitled to vote under sub-clause (*d*) of clause (*iii*) of sub-section (*2*) of section 23 shall submit to the Registering Authority a petition setting forth his claim together with receipts or other documentary proof from his landlord in support thereof. The Registering Authority may call upon the landlord to confirm or refute such claim. If the landlord fails to refute the claim within such time as may be specified in this behalf by the Registering Authority, the name of the person claiming the vote shall be registered.

6. (*1*) The Registering Authority shall then prepare in Form A appended to these rules a Preliminary Electoral Roll for the municipality containing the names of all persons qualified to vote under the Act, and after causing it to be printed shall, not less than 150 days before the date fixed for a general election under section 24 of the Act, publish it at the municipal office and at such other places as it may think fit.

(2) The name of each voter shall be entered in the Preliminary and Final Electoral Rolls for the ward in which he ordinarily resides.

(3) In a municipality where a separate arrangement is made for recording the votes of female voters, separate Electoral Rolls, both preliminary and final, shall be prepared for male and female voters.

(4) As soon as the Preliminary Electoral Roll has been published, the Chairman shall give public notice, as widely as possible, within the municipality that the roll has been prepared and may be inspected at the municipal office during working days and hours and shall state in the notice at what other places it may be inspected:

Provided that if any public holiday (besides Sundays) intervene between the date of publication of the Preliminary Electoral Roll and the last date of filing claims or objections under rule 10, the Roll shall be kept ready for inspection by the public even on those days between the hours 10 a.m. and 5 p.m.

7. The Registering Authority may by an order in writing appoint suitable persons to assist in preparing the Preliminary Electoral Roll in respect of any ward or wards.

8. Any paper to be delivered to or demanded by the Registering Authority or the Chairman under these rules shall be deemed to have been delivered to the Registering Authority or to the Chairman if it is delivered to any officer of the municipality authorised in this behalf at the municipal office during working hours, and the Chairman shall by an order in writing so authorise an officer and have a copy of such order pasted on the municipal notice board for the information of the public.

9. Any member of the Registering Authority may sign notices or orders on behalf of the Authority when so authorized.

10. Any claim for the insertion of a name in the Electoral Roll or any objection against any entry in the Preliminary Electoral Roll shall be preferred to the Registering Authority in respect of the Preliminary Electoral Roll within 15 days from the date of its publication. The Registering Authority shall not entertain any claim or objection received after 5 p.m. on the 15th day:

Provided that if the 15th day is a Sunday or a public holiday, claims and objections may be filed till 5 p.m. of the next opening day:

Provided further that claims in respect of qualifications to which the provisions of rules 3, 4 or 5 apply shall not be entertained unless the claimant has previously complied with the provisions of the said rules or such of them as are applicable to his case.

11. A claim shall be filed either by the person desiring his name to be included in the Electoral Roll or by an agent authorised in writing by such person. An objection shall be filed either by a person interested or by an agent authorised in writing by such person.

12. A claim or objection shall be in writing and signed by the person filing the same and shall state the grounds on which it is based, and where it relates to an entry in the Preliminary Electoral Roll shall give the reference to or the particulars of that entry.

13. (1) Every person filing a claim or objection which is entertained under rule 10 shall be served with a notice by the Registering Authority specifying the place where and the time when his claim or objection will be heard and notifying him that he may there produce or cause to be produced by an agent authorized in writing such evidence as he may wish to adduce.

(2) When objection is made to the inclusion in the Preliminary Electoral Roll of the name of any person recorded therein, the Registering Authority shall serve on such person a notice stating the grounds of such objection and specifying the place and the time fixed for the hearing of such objection and notifying him that he may there produce or cause to be produced by an agent authorized in writing such evidence as he may wish to adduce.

(3) Every such notice shall be in writing and shall be served (a) on the person filing the claim or objection, at the address given in his claim or objection or, failing such address, at the address entered in the Preliminary Electoral Roll, and (b) in the case of an objection also on the person to the inclusion of whose name in the Electoral Roll, objection is taken under sub-rule (2), at the address given in the Preliminary Electoral Roll:

Provided that a notice may be served by the Registering Authority by sending it to the person concerned by registered post or even by ordinary post, if a certificate of posting is kept.

14. The Chairman shall cause to be published from time to time on the notice board at the municipal office a notice showing generally the dates on which and the places at which the Registering Authority will sit for hearing claims and objections.

15. The Registering Authority shall dispose of all claims and objections by the 30th day after the last day of filing such claims and objections under rule 10.

It shall be the duty of a Chairman or Executive Officer or Secretary to produce all relevant or necessary documents or papers in his power and otherwise render necessary assistance to the Registering Authority in the discharge of its duty.

16. On the date which is fixed for the hearing or to which the hearing may be adjourned, the Registering Authority shall hold a summary enquiry into the claims or objections preferred, and after considering any evidence produced under rule 13 or 15 shall record orders either allowing or disallowing the claims or objections. For the purposes of the enquiry the Preliminary Electoral Roll as published shall be presumed to be correct and complete until the contrary has been proved.

17. (1) The Registering Authority shall then cause the roll to be amended in accordance with any orders passed under rule 16 and shall endorse the amendments in token that this has been done.

(2) The roll thus amended shall be the Final Electoral Roll, and after being printed and, if necessary, renumbered serially, shall, not less than 90 days before the election day, be published in the same manner as the preliminary Electoral Roll.

18. (1) The Deputy Commissioner shall dispose of appeals, if any, received by him under section 529A of the Act, by the 21st day after the last day of filing such appeals and forthwith communicate his decision to the Chairman of the municipality.

(2) Not less than 45 days before the election day, the amendments, if any, made by the Deputy Commissioner in the Final Electoral Roll, shall be published in the same manner as the Final Roll.

19. (1) The Final Electoral Roll, with amendments, if any, made under section 529A, shall, subject to the provisions of sub-rules (2) and (3), remain valid for all fresh elections and bye-elections held under

sections 26, 42, 58 and 552 of the Act and a fresh Electoral Roll shall be prepared and published for each general election held under section 24 and clause (*ii*) of sub-section (*2*) of section 554 of the Act.

(*2*) For the purposes of all fresh elections and bye-elections to be held under sections 26, 42, 58 and 552 of the Act, the Registering Authority shall within the first quarter of each year revise the Electoral Roll referred to in sub-rule (*1*), by including in it the names of all persons, not already on the Roll, who possess the necessary qualifications for being voters for the year, and by excluding therefrom the names of such persons who have since died or otherwise become disqualified for being voters for that year:

Provided that the first annual revision of the Electoral Roll after every general election shall be made under this sub-rule as soon as may be after the commencement of the term of office of the newly formed body of Commissioners after such general election.

(*3*) The Registering Authority shall for the purpose of sub-rule (*2*) publish a notice calling for claims for the inclusion of names and objections against any entry in the existing Roll. For the disposal of the claims and objections the provisions of rules 8 to 15A shall be held to be applicable so far as possible. The corrections thus made shall be printed and annexed to the existing Roll and the Roll thus revised shall be published at the municipal office and shall at all times be open to inspection by the rate-payers at the municipal office. All persons whose names have been included in the revised Roll shall be entitled to vote at the elections and bye-elections referred to in sub-rule (*2*) held during the year.

Nomination and registration of candidates.

20. (*1*) Not less than 45 days before the election day the Commissioners shall fix for the nomination of candidates a date which shall not be less than 35 days before the election day. On or before the date of nomination so fixed every candidate for election shall cause to be delivered to the Chairman a nomination paper in Form B annexed to these rules.

(*2*) No nomination paper shall be valid if it is not signed by the candidate, or if it does not give the particulars required in columns 2, 3, 4 and 5 of the said form, or if it is not signed in columns 6 and 7, respectively, for each ward for which the candidate proposes to stand by at least one voter of each such ward as proposer and one voter of each such ward as seconder of the candidate or unless it is accompanied by a receipt for the deposit of the amount required by section 25 of the Act.

(*3*) Not less than 32 days before the election day the Chairman shall publish a notice in form C annexed to these rules at the municipal office, fixing the time at and the date on which the nomination papers will be scrutinised by him, such date being not less than 26 days before the date fixed for the election.

(*4*) At the time and on the date so fixed, the Chairman shall, at the office of the municipality, scrutinise all nomination papers in the presence of the candidates or their agents if they appear, and shall register as candidates all those whose nomination papers are found to be valid.

(*5*) Not less than 25 days before the election day the Chairman shall publish at the municipal office a list of the candidates registered under sub-rule (*4*). These candidates shall be deemed to be registered as such from the date of publication of the list.

21. Any candidate may withdraw his candidature by a notice in writing which must be subscribed by him and be sent to the Chairman within three days of the date of his registration as a candidate under rule 20 (5) or rule 23 (2), as the case may be. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be renominated as a candidate for the same election.

22. As soon as possible after receipt of a notice of withdrawal under rule 21 the Chairman shall cause written intimation thereof to be published in some conspicuous place in the municipal office, and, if the municipality has been divided into wards, also in the ward to which the matter relates.

23. (1) If any person who has filed a nomination paper under rule 20 (1) finds that his name is not included in the list of candidates published by the Chairman under rule 20 (5) or disputes the right of any other candidate to be on such list, he may appeal to the Deputy Commissioner in writing within three days of the date of publication of such list. The Deputy Commissioner shall make such order as to the insertion or omission of the name as appears to him to be just, and shall forward a copy of his order to the Chairman so as to reach him not less than 15 days before the date of the election, and the Chairman shall, on receipt of the order amend the list, note upon it the date of such amendment and forthwith publish at the municipal office, and, if necessary, in the respective ward or wards the amendments made in the list.

(2) A person whose name has thus been newly inserted in the list shall be deemed to be registered as a candidate from the date of such insertion.

(3) The order of the Deputy Commissioner shall be final.

24. Not less than ten days before the date fixed for the election the Chairman shall publish at the municipal office a revised list of candidates containing all the alterations and amendments made in such original list whether by the order of the Deputy Commissioner under rule 23 or in consequence of the withdrawals of candidates under rule 21. The revised list thus published shall be the final list of candidates for the election.

Conduct of election.

25. (1) In any ward all registered candidates shall be declared to be duly elected if their number is not more than the number of vacancies.

(2) In such cases, the declaration shall be made by the Chairman, in writing, against the name of the candidate concerned, in the final list of candidates published under rule 24.

(3) If the number of registered candidates is greater than the number of vacancies, a poll shall be held.

26. (1) Before the date of publication of the final list of candidates under rule 24, the Commissioners at a meeting shall fix the place or places (hereinafter referred to as polling centres) at which the poll shall be held on the election day and the hours between which voters shall be admitted into the polling enclosures:

Provided that if they fail to do so, the Chairman shall fix such hours and such polling centres.

(2) The poll shall be held at the time and at the polling centres so fixed:

Provided that where it is considered necessary, separate polling centres may be fixed for the recording of votes by female voters.

(3) Notice of such time and such polling centres shall be given by beat of drum and by the publication of notices at the municipal office at the same time as the publication of the final list of candidates under rule 24.

27. After the hours mentioned in the notice referred to in rule 26, no person shall be admitted within the polling enclosure, but the votes of all duly registered voters who are already within the enclosures shall be recorded.

28. Each voter shall be entitled to vote for the ward in respect of which his name has been registered, and for no other, and to give as many votes as there are vacancies for each ward for which he is thus entitled to vote:

Provided that he shall not give more than one vote on the same voting paper to any one candidate.

29. (1) There shall be in each ward at least one polling centre.

(2) Where there are more than one polling centre in a ward the Commissioners shall cause a notice to be published showing the names and serial numbers as given in the Final Electoral Roll of persons whose votes will be recorded at any specified polling centre in the ward.

(3) The Chairman may, if he thinks necessary, provide more than one polling booth in a polling centre and shall cause a notice to be published at the gate of each polling booth showing the serial numbers, as given in the Final Electoral Roll, of persons whose votes will be recorded at the booth.

(4) The Commissioners at a meeting shall appoint a polling officer who is neither himself a candidate for election nor the agent of a candidate to preside over the election at each polling centre, and where there are several polling centres in one ward shall declare one of the polling officers to be the chief polling officer.

(5) If a polling officer for any reason fail to attend, the Chairman shall appoint another fit and proper person, who is not himself a candidate or the agent of a candidate, to take his place.

(6) To assist the polling officer, there shall be appointed by the Commissioners at a meeting an Election Committee consisting of not more than five ratepayers of the ward who are not themselves candidates or agents of candidates. No election shall be void because any or all of the members of the Committee fail to attend: if less than three members attend, the polling officer may appoint other ratepayers not being themselves candidates or agents of a candidate up to the number of three and the persons thus appointed shall then be deemed to be members of the Election Committee.

30. (1) On the morning of the election day the Chairman shall supply the polling officer with the following:—

(a) a ballot box provided with an aperture for receipt of voting papers;

(b) an instrument for stamping the official mark on such papers;

(*c*) a copy of the Final Electoral Roll, with the particulars prescribed in rule 29 (*2*);

(*d*) a bound book or books containing as many voting papers serially numbered in foil and counterfoil as there are voters entered in the Final Electoral Roll for that polling centre, and other persons entitled under rule 37 (*1*) to vote at that polling centre.

(*2*) The Chairman shall cause to be provided at each polling centre sufficient writing materials with which voters may mark the voting papers.

(*3*) The official mark shall be kept secret until the commencement of the polling.

31. The voting paper shall be printed in English, Bengali and Hindi in Form D annexed to these rules. The names of candidates in English shall be in alphabetical order. When the voting paper is printed in both the languages the name shall be printed in Bengali below that in English in each case.

32. With the object of safeguarding the secrecy of the ballot and of preventing undue crowding, the Chairman shall divide each polling booth into two rooms or compartments, hereinafter called the inner and outer compartments. Votes shall be recorded in the inner compartment.

33. (*1*) On the election day the polling officer shall admit to the outer compartment of the polling booth the candidate and such agents as may be selected by the candidates to assist in the identification of voters, provided that there shall be present at one time, in addition to the candidates, not more than one agent of each candidate.

(*2*) Only voters, members of the Election Committee and such other persons (if any) as the polling officer may by special directions admit shall be allowed to enter the inner compartment of the polling booth.

(*3*) No candidate or agent of a candidate shall be admitted into the inner compartment except for recording his own vote.

(*4*) The polling officer shall regulate the number of voters to be admitted at any one time into either the inner or the outer compartment.

34. Immediately before the commencement of the poll the polling officer shall satisfy such persons as may be present in the outer compartment that each ballot box is empty and shall then lock it and place upon it his seal in such manner as to prevent its being opened without breaking such seal.

35. The candidates and their agents shall not speak to or address any intending voter in the polling booth, but may submit to the polling officer objections to a voter on any of the following four grounds:—

(*1*) That his name is not on the Final Electoral Roll of the ward in respect of which the election is being held.

(*2*) That his claim to be a certain voter shown on the Final Electoral Roll is false.

(*3*) That he has already voted.

(*4*) Where there is more than one polling centre in a ward, that under rule 28 he is not entitled to record his vote at the polling centre in respect of which the objection is raised.

36. The procedure for recording a vote shall be as follows:—

(*i*) There shall be no voting by proxy.

(*ii*) As each intending voter enters the outer compartment, his name and his number in the Final Electoral Roll shall be called out, so that everybody present can hear them.

(*iii*) No objection to an intending voter shall be entertained except on the grounds mentioned in rule 35.

(*iv*) Every objection shall be summarily decided by the polling officer, who may for this purpose take such evidence as may be available on the spot.

(*v*) If after taking such evidence the polling officer disallows the objection or if no objection is raised, he shall hand the voter the foil of a voting paper for the ward and shall allow him to proceed to vote.

(*vi*) Immediately before a voting paper is delivered to a voter, it shall be marked on the back with the official mark and an indication shall be placed in a copy of the Electoral Roll against the number of the voter to denote that he has received a voting paper, but no note shall be made of the particular voting paper which he has received.

(*vii*) The number of the voter in the Final Electoral Roll shall be marked on the counterfoil of his voting paper.

(*viii*) A voter who has received a voting paper shall forthwith be directed, by the polling officer or a person (not being a candidate or his agent) deputed by the polling officer for this purpose, to a place set apart therefor in the inner compartment and shall there mark a cross, within the space headed "voter's mark" on the voting paper, against the name of any candidate for whom he intends to vote. He shall then conceal his vote by folding the voting paper and shall put the paper so folded into the ballot box. He shall vote without undue delay and shall quit the polling enclosure as soon as he has put the voting paper into the ballot box.

(*ix*) If the voter is unable to read the voting paper or to make a cross thereon, the polling officer shall mark the vote on the voting paper according to the direction of the voter at the place set apart within the inner compartment under clause (*viii*) of this rule, provided that if the voter so requests he shall do so in the outer compartment. The voter shall then put the voting paper folded as prescribed in clause (*viii*) into the ballot box.

37. (*1*) A polling officer or a member of an Election Committee at a polling centre where he is not entitled to vote shall be allowed to record his vote there on his producing a certificate on a ballot paper from the polling officer of another polling centre that he is entitled to vote at such other centre.

(*2*) Such vote shall be recorded in the manner prescribed in rule 36 except that the voting paper after being filled in and folded as therein prescribed shall be placed, with the certificate, in a sealed envelope by the polling officer and sent to the polling officer of the other polling centre who shall remove it from the envelope and put it in the appropriate ballot box.

38. It shall be the duty of the polling officer and the Election Committee to see that votes are recorded with the utmost secrecy, that the number on the voting paper handed over to a voter is not divulged to any other person, that no persons are admitted to either compartment except under these rules and that persons who have recorded their votes or against whom objections have been allowed are caused to leave immediately. It shall also be their duty to see that these rules and any special directions given by the polling officer thereunder are strictly observed.

39. (1) On the conclusion of the poll, the polling officer shall, with the assistance of the Election Committee, in the presence of the candidates or their agents, if any—

(a) satisfy himself that the seals affixed to the ballot boxes under rule 34 are intact, and either

(b) forthwith, when there is only one polling centre in the ward, open the ballot box and scrutinise the votes in accordance with rule 40, or

No person having directly or indirectly by himself or his partner any share or interest in any contract or employment with, by or on behalf of the Commissioners, or holding any office of profit under the Commissioners, shall, directly or indirectly, engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote.

STATEMENT OF OBJECTS AND REASONS.

The local boards are already abolished in several districts in the province and they are still functioning in others. But the local board has lost its utility when union boards are working in all the districts. The experience already gained proves that the local boards are no longer required. The work which is being done by the local boards can be done more efficiently and economically by the union boards. The aim of the Bill is to give power to the Government to abolish the local board without waiting for the consent of the district board.

20. For the purpose of this Act Government may also declare all or any forest area as free pasture for grazing of cattle.

STATEMENT OF OBJECTS AND REASONS.

Milk constitutes a very important food to the people of Bengal more particularly the children. Milk is consumed by the people of this province in a variety of ways. The nutritive quality of milk for building up the body of the people is well known. The supply of milk is steadily decreasing and the quality of milk that is supplied is also decreasing. The most important cause of this alarming state of things is the insufficiency of pasture lands in Bengal. The object of this Act is to provide more grazing ground to the cattle so that large number of cattle may be maintained in proper health in this province.

THE CALCUTTA IMPROVE... BILL,

to amend ... Act

No. ...

WHEREAS it is expedient ... Calcutta Improvement Act in the manner hereinafter ...;

It is hereby enacted as follows:—

1. (*1*) This Act may be called the Calcutta Improvement (Amendment) Act, 1941.

(*2*) It shall come into force on such day as the Local Government may, by notification in the local Gazette, direct.

2. In sub-section 3 of section 72 of the Calcutta Improvement Act after the words "one of the Assessors" in the second line, the words "to be an experienced engineer" are to be added, and after the words "and the other Assessor" in the third line, the words "not a Sitting Councillor" are to be added.

STATEMENT OF OBJECTS AND REASONS.

The purpose of this amending Bill is very simple, but has become a necessity in view of the prevailing circumstances.

In acquisition matters coming up before the Tribunal in the awarding of compensation, technical and scientific qualifications on the part of one of the Assessors are bound to be of great assistance to the President in determining the quality of land, strength of materials, life of structures, etc. Thus it is quite necessary that the Assessor to be nominated by the Local Government should be a qualified and experienced engineer.

Again, it has been quite an unedifying spectacle and extremely demoralising both to candidates as well as to Councillors when sitting Councillors choose to stand as candidates for the post of the Assessor appointed by the Corporation. As a matter of fact as there is no bar, yet one of the Sitting Councillors has been known to have applied for the job consecutively on the last three occasions. This time as many as half-a-dozen of the Sitting Councillors stood as candidates. Thus, it has become necessary in the best interests of all concerned to stop Sitting Councillors applying if the true implication of the provision is to be given effect to.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. BILL NO. 5 OF 1941.

A Bill to remove legal disabilities under Hindu Law in respect of marriage between Hindus.

WHEREAS it is expedient to remove certain existing disabilities under the Hindu Law in respect of marriage between Hindus; It is hereby enacted as follows:—

Short title and extent.

1. (*1*) This Act may be called the Hindu Marriage Disabilities Removal Act, 194 .

(*2*) It extends to the whole of British India.

Marriage between persons of same *gotra* or *pravar* or between persons of sub-divisions of the same caste.

2. Notwithstanding any custom, rule or interpretation of the Hindu Law, a marriage, which is otherwise valid, shall not be invalid because—

(*a*) it is between Hindus belonging to the same *gotra* or *pravar*; or

(*b*) it is between Hindus belonging to the different subdivisions of the same caste.

STATEMENT OF OBJECTS AND REASONS.

Under the Hindu Law, a man cannot marry a girl of the same *gotra* or *pravar*. This rule is not necessary from the point of eugenics. It does not prevail among the Sudras; and is modified by custom among certain sections of the Brahmans and Kshatriyas. This rule of marriage has often been a barrier which is tried to be surmounted by some persons by following the procedure of getting the girl adopted by a stranger of a different *gotra*. There can however be no legal adoption of a girl under the Hindu Law. Public opinion in favour of the modification of this archaic rule has necessitated legislation in the Baroda and Indore States. As regards marriages between several subdivisions of a caste, there does not appear any legal prohibition under the law; but the general belief prevails that such marriages, which are rare, are not lawful. The only solution of such difficulties as are mentioned above would be a civil marriage. But there are many who have conscientious objections to a civil marriage.

This Bill will help ... conscientious objectors to a civil marriage to get over the archaic rule prohibiti... ...ges between persons of the same *gotra* or *pravar* or between persons belon... ...different sub-castes of the same caste.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. BILL NO. 6 OF 1941.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter appearing; It is hereby enacted as fol[illegible]:— V of 1908.

Short title. **1.** This Act may be called [illegible] l Procedure (Amendmen[illegible]

Amendment of section 100, Act V of 1908. **2.** To sub-[illegible] ode of Civil Procedure, [illegible] d at the [illegible] mely, [illegible] V of 1908.

[illegible] in ap[illegible]

P[illegible] nd appeal o[illegible] may in its disc[illegible] wise of the decision [illegible] that the decision of the Court b[illegible] just."

STATEMENT OF OBJECTS AND REASONS.

Section 100 of the Code of Civil Procedure deals with the grounds of second appeal in civil suits. The grounds given there are as follows:—

(*a*) the decision being contrary to law or to some usage having the force of law;

(*b*) the decision having failed to determine some material issue of law or usage having the force of law;

(*c*) a substantial error or defect in the procedure provided by this Code or any other law for the time being in force which may possibly have produced error or defect in the decision of the case upon merits.

This section corresponds with section 584 of the Code of 1882 and section 372 of the Code of 1859 with only a little variation. The first two grounds deal with a mistake of law and the third ground with a mistake of legal procedure, and apparently mistake of fact does not come in the scheme of this section at all, unless we can bring it in the words "error or defect in the decision of the case upon merits" resulting from the adoption of illegal "procedure". It is rightly suggested that this provision of imposing limitations on the grounds that may be taken in second appeal is based on grounds of public policy expressed in the maxim *interest rei publicae ut sit finish litium.*—it concerned the state that there be an end to litigation. But on a perusal of the earlier legislation of the East India Company, it would appear that another —and probably the main reason for original limitation was the curtailment of work before the appellate court. In the early days of the British rule there used to be no District Courts of appeal and only one appeal lay to the Sadar Dewany Adawlat— which at the time consisted of the Governor General and members of the Supreme Council, who naturally could not be expected to devote much time to work of this kind. The Sadar Dewany Adawlat held its sittings at Calcutta and the distance of the Muffasil courts from Calcutta was one of the safeguards against the increase of work, the other safeguard adopted was that appeal was allowed only in respect of properties of large valuation.

The first attempt for providing facilities for appeal was made in 1793, when Provincial Courts of appeal were established by Regulation V of 1793. Article No. 1 of this Regulation which can be termed to be the preamble according to our modern notions says—"Parties in suits instituted in the late courts of Muffasil Dewany Adawlat

who considered themselves aggrieved by the decisions of those courts, had no tribunal to which they could apply themselves but the Suddar Dewany Adawlat, or Court of appeal at Calcutta", and then the preamble records that for the facility of the litigant public Provincial Courts of appeal have been established. The powers of hearing appeals were given to Circuit Judges, and the idea of not unduly increasing the work before the Suddar Dewany Adawlat led to the adoption of the rule that second appeals could only be on points of law. Though later on gradually and with certain variations the Governor General in Calcutta and the Governors in Madras and Bombay with their councils ceased to constitute the Suddar Dewany Adawlat which came to be presided over by permanent Judges and was later on replaced by the High Courts, but the same old rule about second appeals continues on the Statute Book with certain variations.

On whatever principle we may justify this rule it is intended to be a restriction on the rights of the litigant public, but in actual practice it is a restriction on the right of the High Court also. After creating a High Court of Judicature for administering justice in [illegible] province, how can Government be justified in restricting its power in its admini[illegible] justice? But it is an undeniable truth that the High Courts have bee[illegible] their activities due to this provision of law. In their eager[illegible] the various High Courts have very much reduced t[illegible] section of the Code of Civil Procedure by giving[illegible] which, as pointed out above, can be made to cov[illegible] truggle has been a serious and continuous one and[illegible] ce had to yield to the rigour of the section by hold[illegible] significa[illegible] th da[illegible] t by [illegible]

"The law o[illegible] Co[illegible] s of fact in cases whic[illegible] ppeal, and I should say [illegible] ng entered into the meri[illegible] ed [illegible] and adjudicated upon the m[illegible] d [illegible] 4 (now order 41, rule 30) the me[illegible] one [illegible] which the Court has arrived are err[illegible] weight of evidence, will not justify interference [illegible] ppeal, even though such conclusions proceed upon an improper [illegible] ion of th[illegible] exact effect and bearing of the case upon merits." (Mr. Justice Ma[illegible]mud in 7 All. 649 on page 659.)

These remarks are very significan[illegible] and show the restriction on the powers of the High Courts of Justice in India. They were made in connection with a reference which was made to a full Bench by Pethram, C. J. and Brodhurst, J. of the Allahabad High Court. They wanted to know whether the question raised in the two cases before them in the following grounds of appeal could be made the subject of second appeal:—

"(1) Because the lower court has erred in deciding the case on conjectural grounds and ignoring the whole evidence;

(2) because the lower court has erred in reducing the amount covered by the registered bond on 8th of December 1877;

(3) because the lower court has assigned no reasons for disallowing the item of Rs. 72-15-0, and

Because the lower appellate Court has erred in law in awarding the sum of Rs. 168 compound interest including other sums not lawfully due by the vendor to the respondent vendee of the decree in suit."

Evidently these grounds appear to relate to errors in the determination of facts, and Peterham, C. J. who was also a member of the full Bench, was of this very opinion. He observed:—

"The question raised by this reference is whether this court is at liberty, in second appeals, to look into the evidence in the cause for the purpose of ascertaining whether the lower courts have found facts correctly". Then he said, "I am of opinion that the question must be answered in the negative. I am aware that this opinion differs from many rulings of the High Courts in India, and from that of my brother Judges, but as I think that the words of the statute are clear, and that if *they are liable to create injustice the remedy should be applied by the Legislatures.* I feel it to be my duty to disagree with the many authorities, which I have mentioned. Section 585 of C. P. C. provides that no second appeal shall lie except on the grounds mentioned in section 584, so that the question resolves itself into one of the constructions of that section, and of that section alone. There are only three grounds of appeal mentioned in it and it will be as well to examine them in detail." Then His Lordship

examined these grounds of appeal seriatim, and disposed of the first two grounds as as they did not apply to the case. Then he took up the third ground which in the old Code ran:—

"A substantial error or defect in the procedure as prescribed by the Code or any other law, which may possibly have produced error or defect in the decision of the case upon the merits."

Regarding this clause the Chief Justice observed:—

"Procedure is a perfectly well known word among lawyers, and means the practice followed by the courts in the trial of cases which come before them; but until it became necessary for the purpose of extending second appeals under the code to question of facts, *I am not aware that the mental process by which a judge and jury came to a conclusion on a question of fact was ever called a matter of procedure*, and in my opinion it is impossible to fix that meaning to the word." Then with regard to the case before him he observed, "This being my view of th[illegible] ...ving of grounds of appeal provided by section 584, it of course [illegible] ...t no question of fact is included in eit[illegible] ...them, a[illegible] ...at the intention of the legislature wa[illegible] ...ma[illegible] ... the lower courts on questions of fa[illegible]

The other Judges of the B[illegible] ...ed interpretation to clause (c) read with s[illegible]n 574, [illegible] ...of a first appellate Court shall conta[illegible] ...sons

"We think [illegible] w[illegible] ...ed or unreasonable conclu[illegible] ...lieved witness or docume[illegible] ...grounds, or had perverse[illegible] ... or has stated no intelligent [illegible] ...s, this court may take notice o[illegible] atte[illegible]

Ultimately the Bench justified its opi[illegible]on by sa[illegible]

"If this court had not the power in [illegible]cond app[illegible] ...hold it has, to remand a case to a lower appellate court for the preparation of a legal judgment properly determining the question or questions of fact, we know by experience that *great injustice might often be done*, and it would come to this—, that we should be bound by the mere *ipse dixit* of a lower appellate court in respect of the issue of fact, no matter how preposterous its findings might be. We cannot believe it was even intended by the Legislature that in such a case there should be an absolute defect of jurisdiction in this court to examine such findings in second appeal. Our answer to the reference therefore is that the question raised in S. A. 169 of 1884 by the pleas in appeal were questions that might be made the subject of second appeal."

It was in this way that they reconciled their sense of justice with the words of the section, and that continues to be the generally accepted legal view till to-day. In an earlier case reported in 9 Cal. p. 309 the sense of equity of Mr. Justice Wilson appears to have revolted against such restriction on the powers of the High Court in second appeal, and without referring to the provisions of section 584, he observed:—

"It is not the ordinary course of procedure for this court to interfere in second appeal with any findings of fact which have been arrived by the lower appellate court; but we are well within the scope of authorities in holding that where the lower appellate court has clearly misapprehended what evidence before it was, and thus has been led to discard or give sufficient weight to important evidence, and to give weight to other evidence to which it was not entitled, and has thus been led not into any mere incidental mistake, but totally to misconceive the case the court may interfere."

Thus a way has been found out to mete out justice to litigants in spite of the rather strict language of this section. But it has opened a door to continuous struggle. It has led to fine distinctions between questions of facts and questions of law, and some classes of questions had perforce to be neglected to the region of 'questions of mixed law and fact'. The question of construction of documents has led to another difficulty —construction of documents of title has been held to be a question of law, but construction of documents which support the title is to be considered a question of fact, Questions relating to custom have given High Courts no less trouble. A finding that a certain practice or custom does or does not prevail is regarded a finding of fact,

while the question whether a prevailing practice has the attributes of a legally binding custom is held to be a question of law. In 1931 All. p. 449 their Lordships Banerji, Young and King, JJ. of Allahabad High Court set aside the finding of the lower appellate court to the effect:—

> "that it is not proved that the practice of Zare-Chaharem ever prevailed in Kuch Champa Shaeed." They observe—"We think this must be held to be a finding of fact binding upon this court in S. A. unless it can be shown that the finding is vitiated by some error of law." On a close examination of the documentary evidence on the record they remarked—"The learned judge was therefore clearly under a misapprehension when he said that the Kabulyat do not refer to the custom. We think the misreading or ignoring of important documentary evidence amounts to a substantial error or defect in the procedure within the meaning of section 100 (*1*) (*c*) C. P. C. and justifies the Court in reversing the finding if we hold such reversal justified on the merits". In the end they held —"Upon consideration of the whole of evidence we think the plaintiff has proved [illegible] prevalence of the practice in the locality in question" and thus s[illegible] finding of the Court below which at first sight appeared [illegible] fact activit[illegible] the [illegible]

Similarly it has [illegible]

> "Proper effec[illegible] law"—and "The meaning of words [illegible] t is question of law."

Just as I hav[illegible] 100 [illegible] much smoothened by a literal inter[illegible] and [illegible] Co[illegible] is not all. It is also the duty of [illegible] facts in the light of experience and i[illegible] difficulties and remove the handicaps fr[illegible] are suffering. The restriction which f[illegible] even when it feels 'that the conclusions at [illegible] or opposed to weight of evidence............... [illegible] such [illegible] decisions proceed upon improper conception of the ex[illegible] of the case upon merits'—does not become the highest Court of j[illegible] country.

It is to meet this need that the present amendment is being moved. Its object is twofold. It gives the High Court full liberty in cases where the lower appellate court has modified or reversed the decree of the trial court. In such a case the High Court must be allowed to judge the validity of the judgment for itself on merits. In cases where the two judgments are concurrent, and the High Court on hearing the case finds that there has been a serious error on facts also, it must be given discretion to interfere when it thinks fit, and we can safely rely upon the proper exercise of discretion by the highest Courts of Justice in India.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1941:—

L. A. BILL NO. 7 OF 1941.

A Bill further to amend the Code of Criminal Procedure, 1898, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898, for the purpose hereinafter appearing; It is hereby enacted as fol... V of 1898.

Short title. **1.** Thi... ...riminal Procedure ...

Amendment of section 388, Act V of 1898. **2.** In sub-s... ...le of Criminal Proced... ...been V of 1898. sen... ...' the ...or" sl... ...ted.

S...

When a person is s... fine... ...o imprisonment in case of non-payment of fin... ...iven ...ent of fine and the execution of the sentence of ...ment ... ...tain periods for this purpose under section 388 of the Code of Crim... But these facilities are not available to a person who in add...n to fin... ...enced to imprisonment also. This is due to the use of the words "fine only" in sub-section (1) of section 388. Evidently it could not have been intended by the Legislature to give facilities in one case and not in the other. In practice this interpretation has caused great hardship especially in cases where the punishment of imprisonment is only nominal. For example in A. I. R. 1933 Cl. page 308, Ali Hasan and another *Vs.* Emperor, where the appellants were convicted to detention till the rising of the court and the fine of Rs. 250 and 60 respectively, it was held by the Calcutta High Court that no time for payment of fine could be granted, as the punishment of fine was coupled with the sentence of imprisonment. It is to remove this hardship that the present amendment is being proposed. It will give the court a discretion to give time for the payment of fine even in cases where in addition to sentence of fine a sentence of imprisonment has also been awarded.

The following Bill was introduced in the Legislative Assembly on the 19th February, 1941:—

L. A. BILL NO. 8 OF 1941.

A Bill further to amend the Petroleum Act, 1934.

WHEREAS it is expedient further to amend the Petroleum Act, 1934, for the purpose hereinafter appearing; XXX of 1934.

It is h[illegible] enacted as follows:—

Short title. **1.** [illegible] m (Amendment) [illegible]

Amendment of section 23, Act XXX of 1934. **2.** [illegible] section 23 of the [illegible] clause shall be XXX of 1934. sub[illegible]

STATEMENT OF O[illegible]JECTS AND REASONS.

Under clause (c) of sub-section (1) of section 23 of the Petroleum Act, 1934, only the holder of a licence under the Act is liable for punishment for a breach of a condition of the licence held by him. The agent of a licensee is not liable for any punishment under the Act if he commits a breach of the conditions of the licence. In actual practice, the licences under the Act are taken out by the large oil companies and they appoint agents and place them in charge of licensed premises. Cases have occurred in which breaches of conditions of licences have been committed by these agents, but prosecutions launched against such agents have been dismissed by Courts on the ground that the agents are not holders of licences under the Act. It is not always possible to proceed against the licensee in such cases, as breaches of conditions occur for which the licensee cannot reasonably be held responsible. The draft Bill is designed to make agents liable for punishment for breaches of conditions of licences which they commit or are privy to, without freeing licensees from liability for breaches to which they are parties.

No. 3173Mis.—24th March 1941.—The following draft of rules, which in exercise of the power conferred by clause (*01*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Governor proposes to make, is published for the information of persons likely to be affected thereby.

2. The draft rules will be taken into consideration on or after the 28th April 1941, and any objection or suggestion with respect thereto which may be received by the undersigned before that date through the District Magistrate will be duly considered:—

Draft Rules.

1. Whenever distress due to drought, flood, cyclone or any other natural calamity is apprehended in any district, the district board concerned shall economise in its ordinary expenditure in all reasonable ways and shall set apart as much of its funds as possible for expenditure on works, adapting its programme of works, as far as it can, to subserve the purposes of relief. On the approach of distress, the ordinary works of the district board shall be expanded in order to met the increased demand for labour and to enable the opening of regular relief works to be postponed as long as possible, as also to afford a test of the severity of the distress and of the necessity for regular relief operations. Test works which may be opened in affected areas and such of them as may be continued where the distress is prolonged without the necessity of a declaration of scarcity or famine,

shall, except in cases in which the Provincial Government will decide otherwise, be managed by the district board subject to the control by the District Magistrate and shall be conducted strictly in accordance with the provisions of the Bengal Famine Code, 1913, and the Manual of Practical Instructions regarding Famine Relief Administration in Bengal. Ordinary works in progress under the district board, or required by it, shall, whenever possible, be utilised or opened as test works. In case of any disagreement between the District Magistrate and the district board as to whether ordinary works in progress or works required by the district board shall be so utilised or opened, the matter shall be referred to the Divisional Commissioner whose decision shall be final.

2. Expenditure on test works including the cost of the temporary staff, if any is specially employed for the purpose, shall, in the first instance, be defrayed by the district board concerned and funds may be advanced by the Provincial Government as required. At the final adjustment of accounts, the Provincial Government may reimburse the district board to such extent as may be thought proper upon a consideration of the state of its finances and of the utility to the board of the works carried out and of any expenditure incurred in excess of normal rates on account of the employment of unskilled and unprofitable labour.

3. Except in cases in which the Provincial Government specially directs otherwise, the district board concerned shall continue the test works in progress even when such works become relief works at the declaration of scarcity or famine and shall also conduct those relief works that may be started after such declaration. After the declaration of scarcity or famine, the whole cost of relief works including that of the temporary staff, if any is specially employed for the purpose by the Board but excluding that of the permanent staff of the board, will be borne by the Provincial Government.

"Resolved that the proposal made by the liquidator as circulated by him as Annexure "A" to the notice of this meeting be accepted:

And further resolved that the proposed Scheme of Arrangement between the Company and its creditors as circulated by the liquidator as Annexure "B" to the notice of this meeting is accepted."

JOGINDRA CHANDRA CHAKRAVARTI,

Liquidator.

Registered Head Office, Dinajpur town, the 11th March 1941.

Annexure "B".

The Dinajpur Trading & Banking Co., Ltd. (in liquidation).

Proposed Scheme of Arrangement between the Company and its creditors.

1. The creditors will be divided into two groups, namely, those whose deposits are either up to or below Rs. 100 and those whose deposits are above Rs. 100, as on the 1st January 1941 exclusive of interest.

2. As regards the depositors who fall under the category of class (1), that is to say, whose claims are up to or below Rs. 100, they will give up (a) the interest accrued due at 3 per cent. per annum during the period for which the scheme has been under operation and in the next place four annas in the rupee. They will be paid the balance of twelve annas in the rupee in cash.

3. As regards class (2), that is to say, depositors whose deposits amount to over Rs. 100, they will give up (a) all interest accrued due during the period the scheme has been in operation and also three annas in the rupee on the amount of their deposits as on the 1st January 1941. Of the balance the liquidator will pay 6¼ annas in the rupee on the amount of the deposits as on the 1st January 1941 in cash. The balance of the amount due to them will be paid to them up to the nearest 10 rupees by allotment to them of redeemable cumulative preference shares and ordinary shares in the Company in the proportion of 1 to 2, that is to say, 1/3rd of the amount will be paid by allotment of redeemable cumulative preference shares carrying dividend at 3 per cent. per annum of Rs. 10 each redeemable at the end of 20 years and ⅔rds of the total amount by allotment to them of fully paid up ordinary shares of Rs. 10 each. The balance will also be paid for in cash.

4. That the capital of the Company be increased to Rs. 5,00,000 of which Rs. 83,040 should be in the shape of redeemable preference shares of Rs. 10 each and while the balance will be in the shape of ordinary shares of Rs. 10 each. The existing shares of Rs. 25 will be reduced so as to bring them all to the face value of Rs. 10 each.

5. That for the purpose of redeeming the redeemable preference shares, the Company will create a reserve fund to be called "The Capital Redemption Reserve Fund" in which shall be let apart from out of the profits of the Company and/or the sale proceeds of the assets of the Company a sum equivalent to 5 per cent. of the total amount of the redeemable shares.

6. That the winding up be permanently stayed.

Annexure "A".

Proposal of the liquidator.

A proposal for reconstructing the Company under section 215 of the Indian Companies Act.

	Rs.
Cash in the liquidator's hand—	
On account of the suit against the Albert Hall, received from the High Court ...	3,24,594
Cash in hand from other sources (more or less)	21,000
Total ...	3,45,594

Out of this amount some amount will have to be kept in hand for defraying the necessary expenses of the Company and the following arrangement is being made for paying up the dues of the creditors:—

The total amount due to the depositors as on 1st January 1941 according to the Company's books in accordance with the scheme under section 153 Rs. 6,28,125.

Interest at 3 per cent. on the same due according to the terms of the scheme—Rs. 1,64,466.

The value of the assets in the hands of the Company according to the valuation made on the 31st December 1940 according to the Company's books (without the Albert Institute) as revaluated now comes up to about Rs. 3,28,000.

But this is a valuation merely on paper. It is not possible to convert this asset into cash, either immediately or in the near future for the purpose of paying up the dues of the depositors. It is therefore necessary to make a suitable arrangement in such a manner that the Company may be maintained and saved and the amounts due to the depositors may not be entirely lost.

The liquidator has therefore proposed that first of all, out of the total amount of Rs. 6,28,125 due to the depositors he will pay each depositor at the rate of 6¼ annas per rupee, i.e., Rs. 40-10as. per cent. in cash.

The total amount of such payment will be—Rs. 2,55,176.

After this, the unpaid amount due will be Rs. 3,72,949.

And interest Rs. 1,64,466.

The liquidator is requesting the depositors to make a full remission of the interest due to them, namely—Rs. 1,64,466.

After this, the depositors are being divided into two classes:—

(1) Those whose deposits (principal) exceed Rs. 100 on 1st January 1941.

(2) Those whose deposits are up to Rs. 100 or less on that date.

(3) The total amount of the depositors of the first class is 537, and that of the second class is 376.

The total amount of deposits due to the depositors of the second class as on 1st January 1941 is—Rs. 14,907.

They are being paid at the rate of 6¼ annas per rupee—Rs. 6,056.

Balance will be Rs. 8,851.

The liquidator proposes that these depositors should remit an amount equal to 4 annas in the rupee on their deposits as on 1st January 1941, which comes up to Rs. 3,726.

The balance will be paid to them in full—Rs. 5,124.

In this way, the second class of the depositors will be paid in full. As regards the depositors of the first class, the liquidator proposes that after receiving payment at the rate of 6¼ annas in the rupee on their deposits, they will be pleased to remit an amount equal to 3 annas in the rupee on their deposits as on 1st January 1941, which comes up to—Rs. 1,14,978.

After this the amount which will be due to them at the rate of 6¼ annas in the rupee will amount to Rs. 2,49,120 and the liquidator requests them to purchase shares of the Company of this value.

Let the Company be reconstituted in the following manner:—

(1) The share capital of the Company be increased from one lakh to five lakhs of rupees.

(2) The value of the old shares of Rs. 25 each be reduced to Rs. 10 each.

(3) The depositors be given shares in the Company of the value of Rs. 2,49,120 in the following manner:—

(a) redeemable cumulative preference shares of Rs. 10 each on a guarantee dividend of 3 per cent. per year amounting in all to Rs. 83,040.

This amount of Rs. 83,040 is arrived at calculating at the rate of 2 annas 2 pies on each rupee of the deposits as on 1st January 1941.

(b) Ordinary shares of Rs. 10 each of the value of Rs. 1,64,040 which will be found to be the amount calculated at 4 annas 4 pies on each rupee of the deposits as on 1st January 1941.

As a result of this arrangement, the depositors having deposits above Rs. 100 are being paid up at 6½ annas in cash, 3 annas by remission and 6½ annas by shares. The total amount due to them will thus be considered to be paid up in 16 annas and the debts due to them will be considered to be paid up in full.

(c) A redemption fund to be called the Capital Redemption Reserve Fund will be opened for the purpose of redeeming the redeemable cumulative preference shares of Rs. 83,040. In this fund will be deposited from the annual profits of the Company and (or) from the amounts received by the sale of the Company's assets, a sum of the rate of 5 per cent. per annum on the value of the redeemable preference shares. In this way, Rs. 83,040 will be paid up in twenty years.

(d) In calculating the share of Rs. 10 each, the balance which will be less than Rs. 10 in the case of each depositor, will be refunded to such depositors in cash.

It is found from the books of the Company of the years 1939 and 1940 that the net profits of the Company from its assets come up to Rs. 5,000 annually. The same profits are expected in future also. Therefore dividend at the rate of 3 per cent. per annum on Rs. 83,040 may be assured. This proposal along with the proposed scheme marked B (annexed) will be placed at a meeting of the shareholders on the 30th March (Sunday) and if accepted by them, will again be placed at a meeting of the creditors to be held on Wednesday the 2nd April.

If the creditors agree to this proposal and accept it, the Company will be reconstituted accordingly. The shareholders will pass a resolution to the effect that if the creditors accept this proposal the winding up of the Company will be permanently stayed with effect from June 1941.

In the meantime, the liquidator will pay up the dues of the creditors according to the above proposal as far as possible.

The share capital of the newly constituted Company will be 5 lakhs of rupees. Out of this, the value of fully paid up shares will be—

		Rs.
Old	... ...	20,000
New	... ...	2,49,120
Total	...	2,69,120

The value of the assets of the newly constituted Company will be approximately Rs. 3,28,000.

3. (*1*) An insurer entitled to the benefits of this Act shall, subject to the provisions of section 5, be deemed in respect of any instalment of the deposit to be made by him under section 7 of the Insurance Act, 1938, which he was required to pay during the year commencing on the 1st day of January, 1940, or which he may be required to pay at any time after the end of that year and so long as this section continues to have effect, to have complied with the provisions of the said section 7 as to payment of instalments of deposits, if he has paid or pays in accordance with the provisions of that section not less than one half the total amount which would have been required by that section as the instalment, had the insurer not availed himself of the provisions of this Act. IV of 1938.

IV of 1938.

Saving in respect of delayed payments of instalments of deposits.

7. For the purposes of the Insurance Act, 1938, an insurer entitled to the benefits of this Act who has failed to pay before the 1st day of January, 1941, an instalment of deposit due in the year 1940 shall not be liable to any consequences on that account in respect of a failure to comply with the provisions of section of the said Act as to deposits if before the 15th day of February, 1941, he has paid as such instalment not less than one half the total amount required by the said section 7. IV of 1938.

NOTIFICATION.

Calcutta, the 7th April 1941.

It is ordered by the High Court of Judicature at Fort William in Bengal that, with effect from the 1st day of May 1941, rules 7 and 8 of the rules under the Indian Income Tax Acts set out in Appendix No. 1, Appendices (Part II) and rule 22 of Chapter I of the Rules of the High Court, Original Side, 1914 (4th Edition), be repealed and in lieu thereof the following rules be adopted:—

Appendix No. 1.

7. Advocates not entitled to practise on the Original Side and Advocates so entitled under Chapter I, rule 2(*iii*), (*iv*) and (*vi*) and Attorneys, shall be entitled to appear and act in all matters governed by these rules.

8. Costs in all Income Tax matters are within the discretion of the Court, and will be paid by such party or parties as the Court may order. Unless otherwise ordered, they will be taxed according to the scale on the Original Side. Costs of and incidental to a reference will be taxed in the same manner as of a hearing of an appeal from a decree of the Original Side. Advocates who appear and plead, whether instructed by another Advocate or an Attorney, shall be allowed the same fees as are allowed to Counsel under rules 32 and 33 of Chapter XXXVI of the Rules of the Original Side (including fees to second and third Advocates, if so allowed by the Court). If such costs are ordered to be paid by the Commissioner to the assessee on a reference made under sub-sections (2) or (3) of section 66 of the said Act, the Taxing Officer shall, in addition, allow the assessee any fees paid by him under the said sub-section (2) on the application for the reference.

The costs of an Advocate or Attorney appearing and acting, or of an Advocate both pleading and acting, shall be taxed as far as possible according to the scale on the Original Side. In cases where no detailed bill is filed, or in which the Taxing Officer finds such scale difficult to apply, he may allow such a lump sum in lieu of taxed costs as may appear to him to be fair and reasonable.

An Advocate both pleading and acting shall be entitled to fees for appearing as such Advocate only and not, in addition, to any fees that would have been payable to him for acting and instructing another Advocate.

Chapter I.

22. Persons entitled to appear and plead in the Court in the exercise of its Original Jurisdiction shall, in all respects, conform to the practice of, and shall be subject to, the same obligations and rules of professional etiquette whereby Advocates practising on the Original Side of the Court prior to the 1st day of July 1928, were governed, so that no such person shall be entitled to act on the Original Side of the High Court. Provided that nothing in this Chapter shall preclude an Advocate who, prior to the 15th day of November 1940, has been admitted to appear and plead on the Original Side under the provisions of rules 2 (*iii*), (*iv*), (*v*) or (*vi*), nor any Advocate who may be admitted after the 15th day of November 1940, under the provisions of the same rules as amended, from acting in any jurisdiction other than the Original Jurisdiction of the High Court and on appeal therefrom.

By order of the Full Court,

A. L. COLLET,

Registrar, Original Side.

Penalty for exaction of illegal cesses and *abwarbs*.

11. (*i*) Every tenant from which any sum of money or any portion of his catches of fish is exacted by the proprietor or his agent in excess of rent may within ninety days from the date of exaction institute a suit for the recovery from the proprietor of such sum by way of penalty as the Court may deem proper and fit.

(*ii*) Where a proprietor or his agent has exacted any sum of money or any portion of the catches of the fish from a tenant in excess of the actual rent, that proprietor or the agent as the case may be shall be punished with imprisonment of either description (simple or rigorous) for a term not exceeding three months or with fine not exceeding Rs. 50 or with both on the complaint of the tenant or his agent before the District Magistrate having the jurisdiction or any other Magistrate of the First Class specially empowered in this behalf.

STATEMENT OF OBJECTS AND REASONS.

The Bill has been introduced with a view to rationalise the settlement of fisheries on the basis of fair and equitable rent and stabilise the fish industry which forms a vital part of the economic structure of the province. If the Bill passes into law, it will benefit the proprietors as well as the catchers. The proprietors will receive regular and stable rents, while the catchers will be saved from illegal and unjust impositions. Besides the destruction of fish, price will be greatly minimised on account of longer settlement. In short, the abject poverty of fishermen due to various extortions and uncertainties of profession will disappear on account of fixity of rent, settlement for longer number of years and reduction of interest on arrear rents. So far as Government fisheries are concerned, the fishermen will, after the expiry of existing settlement, have the free right of fishery, and it will be economically beneficial both to the catchers and the consumers. It will also encourage co-operative efforts among the fishermen and will go a long way to improve their hard lot.

The present Bill has been drafted on the model of the Bill introduced in 1937 by Mr. Narendranath Das Gupta, M.L.A., and that of the Bill introduced in 1939 by Moulavi Abdul Latif Biswas, M.L.A., with certain additions and modifications as have been thought necessary for promoting and safeguarding the interests of *bonâ fide* fishermen.

(m) generally to give effect to the provisions of this Act.

(2) Such bye-laws shall be made after previous publication and shall not take effect until they are approved and confirmed by the Provincial Government.

STATEMENT OF OBJECTS AND REASONS.

Public religious endowments have from time immemorial been considered as sacred institutions, and their control and management have always been zealously guarded. But in British India since the advent of British rule, *Mahants*, *Shebaits* or other individuals who were, for the time being, placed in charge of the public endowment properties, began exercising full individual control over them. With the lapse of time things have gone from bad to worse with our religious endowments and institutions. The results have been widespread misuse, misappropriation and mismanagement of the endowments contrary to the wishes of the creators thereof. Not unoften disputes and disturbances over the properties have occurred culminating in prolonged and ruinous litigation, and serious breaches of the peace have also been reported in some instances. As a peep into the proceedings will reveal, attempts were often made in the old Legislative Councils to bring about an all-India legislation to this effect but without any success. But things should not be allowed to go on in that way, especially when popular Government has assumed the administration of the province and progressive legislation is being enacted to get rid of some of the old legislations and irregular practices and institutions. It is therefore, high time that vagaries, wantonness and irregularities of the unscrupulous *Mahants*, *Shebaits* and priests should be checked and the administration of public charities and trusts should be regularized. In this province the value of these public trusts and charities numbering several thousands will be worth a few crores with an annual gross income of a crore, if not more.

The proposed Bill does nothing more than make an attempt to restrict and control the wilful mishandling of the Hindu public endowments. It interferes in no way with the religious rites, ceremonies and other functions of the charitable institutions or with the faith and creed of the *Mahants*, *Shebaits* and priests.

The means proposed in this Bill to secure this end is the establishment with certain defined powers of a Central Board, with Committees subordinate thereto, in the districts and subdivisions according to requirements, the entire cost of all of which to be met by levying a small contribution from the religious endowments and institutions, the scale varying as circumstances may require.

The President of the Board will always be such a person as will command respect and obedience, being a well-experienced man having great faith in Hindu religion. He will exercise such powers and perform such duties as may be delegated to him by the Central Board. The other members of the Board will be nominated or elected from the Hindu community only.

The Board shall do all things reasonable and necessary to ensure that religious institutions and endowments and its superintendence are properly maintained, controlled and administered. It shall also settle schemes for the proper administration of the religious endowments and institutions. To prevent and remedy any misuse of the power of the Board, interested persons, who may be dissatisfied with the decision of the Board, may institute a suit in a competent Civil Court for setting aside or modifying the scheme. This provision will therefore adequately safeguard their rights.

I may add that I have taken my inception of this Bill from the provisions of the Bengal Wakf Act of 1934.

It is hoped that this Bill will receive the wholehearted approval of the House as it will enable us, the Hindus, to put our religious endowments and institutions going astray on a better working basis than heretofore.

S. K. D. GUPTA,
Secy. to the Bengal Legis. Council.

THE BENGAL SUPPRESSION OF IMMORAL TRAFFIC ACT, 1933, AMENDMENT BILL, 1940.

A

BILL

to amend the Bengal Suppression of Immoral Traffic Act, 1933.

WHEREAS it is expedient further to amend the Bengal Suppression of Immoral Traffic Act, 1933, in the manner hereinafter appearing ; It is hereby enacted as follows :—

This Act may be called the Bengal Suppression of Immoral Traffic Amendment Act, 1940.

1. In the preamble of the Bengal Suppression of Immoral Traffic Act, 1933, hereinafter to be called the said Act in the second line after the words "Suppression of" the words "brothels and" shall be added.

2. In section 3 of the said Act regarding definition of brothel, in the fourth line after the word "prostitution", the words "for gain of any other persons" shall be omitted.

3. After section 6 of the said Act the following clause shall be inserted as section 6A :—

6A. (*1*) The Chief Executive Officer in case of the Calcutta Corporation or the Commissioners of any municipality in Bengal may at any time cause a notice to be served upon any person, who occupies or manages or acts or assists in the management of, or upon any woman who resides in, uses or frequents any house, room or place in the city of Calcutta or in any municipal area of Bengal in which the business of a common prostitute is carried on, requiring such person or woman after a date to be mentioned in the notice, which shall not be less than 15 days from the date of notice, not to reside in, use or frequent any street or place specified in the notice, or directing such person or woman after a date to be mentioned and fixed as aforesaid to remove himself or herself to such place whether within or without the city of Calcutta or any municipal area of Bengal within such time as the Chief Executive Officer in case of the Calcutta Corporation or the Commissioners of any municipality prescribe.

(*2*) If any person or woman so directed under sub-section (*1*) fails or refuses to remove himself or herself as directed within the time specified, the Commissioner of Police in case of the city of Calcutta or the Superintendent of Police in case of any other municipal area, shall cause such person or woman to be arrested and removed in police custody to the place prescribed.

(*3*) Any person on whom a notice under this section shall have been served, disobeying the requisition therein contained shall be punished with imprisonment which may extend (*a*) in the case of first offence to one month and (*b*) in the case of a second offence or subsequent offence to three months.

(*4*) Whoever within two years from the date of his or her removal under the provision of this section returns to any place within the city of Calcutta or within any municipal area, without permission in writing of the Chief Executive Officer in case of the city of Calcutta or without the permission in writing of Chairman of any municipality shall be punished with imprisonment for a term which may extend to two years or with a fine of Rs. 500 or with both.

STATEMENT OF OBJECTS AND REASONS.

There are no two opinion in this matter that the prostitution should be regulated in the interest of public good. As the law stands at present, the municipal bodies have got practically very little power in this respect. The proposed 6 A (*1*) to (*4*) are proposed to be added to the Act in question with a view to give necessary power to localise and regulate this necessary evil in municipal area. The section 9, Bombay Prevention of Prostitution Act of 1923, contains similar provisions with some slight modification. In the light of experience slight change in the definition of brothel is proposed.

(*m*) generally to give effect to the provisions of this Act.

(*2*) Such bye-laws shall be made after previous publication and shall not take effect until they are approved and confirmed by the Local Government.

STATEMENT OF OBJECTS AND REASONS.

1. Delhi remained for centuries the capital seat of Muslim Emperors. Muslim Emperors, nobles, chiefs and gentry of those days built many mosques and Idgah and established Khanquahs, Dargahs and cemeteries and created numerous wakfs for their maintenance. Thus Delhi and its suburbs became centre of innumerable charitable institutions.

2. There is widespread dissatisfaction with the management of wakfs all over the province. Ever since 1810 various enactments have from time to time been passed with a view to control them, in order that they may serve the purpose for which they have been created. These enactments have however failed to achieve their purpose and there is a general cry that some means should be devised and a tribunal or agency established which would exercise a wholesome supervision over them, so that they may fulfil their purpose.

3. The object of this Bill is to ensure the proper administration of wakfs in strict accordance with Muslim Law and in consonance with the wishes of their founders.

4. The means proposed in this Bill to ensure this end is the establishment, with certain powers, of a Majlis-e-Wakf, the entire cost of which will be paid by levying a contribution from wakf estates, the scale whereof will vary as circumstances may require.

5. The President of the Majlis will always be a person well trained in legal work. He will exercise such powers and perform such duties as may be delegated by the Majlis.

6. The Majlis shall do all things reasonable and necessary to ensure that the wakfs under its superintendence are properly maintained, controlled and administered. It shall also settle schemes for the proper administration of wakfs. To prevent or remedy any misuse of the power of the Majlis, interested persons who may be dis-satisfied with the decision of the Majlis, may institute a suit in a competent court for setting aside or modifying the scheme. The provision will therefore adequately safe-guard their rights.

7. To make the Bill a self-contained one and to avoid duplication, some of the provisions of the Charitable and Religious Trusts Act, 1920, and of the Musalman Wakf Act, 1923, have been incorporated in this Bill and the latter Act has been repealed, and powers and duties of the Board of Revenue under the Bengal Charitable Endowments, Public Buildings and Escheats Regulations, 1810, have, in so far as wakfs dealt with by this Bill are concerned, been transferred to the Majlis.

8. Under the existing law, appeals lie to the High Court. This right of appeal is not intended to be interfered with, so that errors in the decisions of the Civil Courts can be rectified by such appeals.

9. Having considered all the materials and the pressure put upon by the public from time to time, it is considered desirable to introduce this Bill which, if passed into law, will meet the wishes of the public.

REPORT.

The petitioner, Rai Bahadur Surendra Narayan Sinha, was an unsuccessful candidate at the election held on the 2nd March, 1940, held in the Bengal Legislative Assembly Building. There were in all 45 candidates, and the election was held in respect of 9 seats in the Bengal Legislative Council which were to be filled by persons elected by the members of the Bengal Legislative Assembly. Under the provisions of sub-paragraph (*c*) of paragraph 14 of the Fifth Schedule of the Government of India Act, 1935, 27 seats in the Bengal Legislative Council are to be filled by persons elected by the members of the Bengal Legislative Assembly in accordance with the system of proportional representation by means of the single transferable vote. Under the provisions of sub-section (*3*) of section 61 of the Government of India Act, 1935, one-third of the members of the Council are to

retire in every third year. In paragraph 18 of the Fifth Schedule of the Act it is enacted that the term of office of a member of the Legislative Council shall be nine years, but that provision has to be made upon the first constitution of the Council by the Governor in his discretion by curtailing the office of some of the members then chosen, for securing that as nearly as may be one-third of the members of each class shall retire in every third year thereafter. Such provision was made by notification No. 10145A.R., dated the 2nd December, 1936 (Bengal Legislative Manual, Volume II, page 250), and the results of that provision were published in notification No. 674R.D., dated the 25th May, 1937 (*ibid.*, page 254). Accordingly, the petitioner, who was elected a member on the first constitution of the Council in 1937, retired along with eight others, and the election now in question was held to fill those nine seats thus rendered vacant. The law applicable to the election is mainly to be found in Part VI of the Bengal Legislative Council Electoral (Conduct of Elections) Rules, 1936. These rules will be referred to hereinafter as the Conduct of Election Rules.

The petitioner was himself a duly nominated candidate, and he has made the remaining 44 nominated candidates respondents in his petition, as he is required to do under rule 28 of the Bengal Legislative Assembly and the Bengal Legislative Council Electoral (Election Expenses and Election Petitions) Rules, 1936, since he has claimed a declaration that he himself has been duly elected. The above rules will be referred to hereinafter as the Election Petitions Rules. The first nine respondents are the candidates who were declared duly elected; eight of these obtained the quota of 25 votes which was found to be necessary on the calculation made under the appropriate rules. The contest finally lay, during the counting, between the petitioner and respondent No. 1, Babu Amulyadhone Roy, the latter eventually obtaining 15 votes, while the petitioner received 14 votes, and 17 votes were found to be non-transferable. The total electorate consists of the 250 members of the Legislative Assembly. It may be noted here that as three of these were absent from the election, 247 votes were cast. One paper was rejected and the 246 valid papers were thus distributed finally in the count in batches of 25 to each of eight candidates, plus 15 to Babu Amulyadhone Roy, 14 to the petitioner, and 17 remained untransferred.

The petitioner states in his petition as finally amended that in the Assembly there are several parties, the Coalition Party being the party in power, the others being the European Group, the Congress Party, the Krishak Proja Party, and the Independent Scheduled Caste Party. He alleges that the Coalition Party and the European Group pooled their voting strength together and selected six candidates, namely, Sir B. P. Singh Roy, Sir Thomas Lamb, Mr. Abul Quasem, Khan Bahadur Saiyed Muazzamuddin Hossain, Mr. Hamidul Haq Chowdhury and Mr. Habibur Rahaman. In accordance with this a mandate was published in the press on the morning of the election over the name of the Chief Minister notifying members to record their preferences in accordance with this list and in the order named. He further alleges that at a meeting on the 1st March, when the Coalition Party finally decided on the aforesaid list of names, it was also decided that lest some of the members of the party might be inclined to record their preferences differently from the order laid down, the Ministers, whips, and trusted members of the party would look into and supervise the ballot papers so that there might be no betrayal. He alleges that in pursuance of this plan the Ministers and whips actually went round amongst the members while they were recording their votes and used their influence and exercised pressure on certain members. In Annexure B he gives particulars of such exercise of influence in paragraphs 1(*a*) and 1(*b*), and in a further Annexure C he defines with reference to the provisions of the Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936 (hereinafter referred to as the Corrupt Practices Order), the precise nature of the corrupt practices he alleges to have been committed in respect of each of the returned candidates.

In paragraph 3 of Annexure B he gives particulars of an instance in which a Mr. Salim is alleged to have unduly influenced the voting of Mr. Mafizuddin Chowdhury, and similarly defines it with reference to the provisions of the above mentioned order. In paragraph 2 of Annexure B he sets forth the particulars of the issue of the mandate by the Chief Minister apparently to support a contention that this itself constituted a large number of instances in which undue influence had been exercised thus rendering the election not a free election.

The petitioner further alleges that the rules requiring that the election shall be held by secret ballot, and that votes should be recorded in a screened place were not strictly nor in spirit enforced, but that members recorded their preferences in full view of all others without going into any screened place, and submits that the result of the election has been materially affected by the violation of the rule of secrecy.

The petition contains further allegations in regard to breaches of the rules, especially rules 72, 73 and 78 of the Conduct of Election Rules.

The petitioner claims that the election of each of the nine returned candidates shall be void on the Commissioners expressing an opinion in his favour on each of the four grounds laid down in sub-paragraph 1 of paragraph 7 of the Corrupt Practices and Election Petitions Order, 1936. He has also claimed under sub-paragraph (*2*) of paragraph 3 of that Order a declaration that he himself has been duly elected.

The corrupt practices which he alleges in paragraphs 1(*a*) and 1(*b*) of Annexure B, read with paragraphs 1 and 2 of Annexure C and in paragraph 3 of Annexure B are various cases of undue influence.

In respect of the returned candidates, Sir B. P. Singh Roy, Sir Thomas Lamb, Mr. Abul Quasem, Khan Bahadur Saiyed Muazzamuddin Hossain and Mr. Hamidul Huq Chowdhury, being the first five out of the six named in the mandate, the petitioner in effect pleads that corrupt practices of which he has given particulars amounted to cases of undue influence committed by the candidates or their agents or by other persons with their connivance as defined in paragraph 2 of Part I of the First Schedule of the Order, and that such corrupt practices were committed in the interest of those returned candidates. He therefore in effect prays us so to hold under paragraph 7(*1*) (*b*) of the Order, in which case the elections of these candidates will be void.

In respect of the remaining four returned candidates, as the petitioner does not allege that they were in any way concerned with the plan of the Coalition Party, he pleads that the acts above referred to are "acts specified in Part I of this (First) Schedule, when done by a person who is not a candidate or his agent or a person acting with the connivance of a candidate or his agent", in other words, that they are corrupt practices under paragraph 1 of Part II of the First Schedule of the Order. He pleads that the result of the election of each has been materially affected by the corrupt practices so defined, and accordingly prays that the Commissioners shall so report under paragraph 7(*1*)(*a*) of the Order, thus rendering the election of these candidates also void.

The petitioner has also pleaded in respect of the five returned candidates who were nominees of the Coalition Party in the mandate that the corrupt practices of which particulars were given in paragraphs 1(*a*) and 1(*b*) of Annexure B were practices as defined in paragraph 1 of Part II of the First Schedule. In other words, he has both pleaded that the acts were done by or with the connivance of the candidate and also that they were done by others and without their connivance, without clearly showing that it is a plea in the alternative. Moreover he has failed to add the further plea in respect of these candidates that the result of the election was materially affected by these practices and has thus not strictly made the necessary plea to found a claim under paragraph 7(*1*) (*a*) of the Order. In the view we take of the facts the point is of no importance.

The petitioner founds a claim under paragraph 7(*1*) (*c*) of the Corrupt Practices Order on the ground that the result of the election has been materially affected by the irregularities in the conduct thereof, by breaches of rules 72, 73 and 78 of the Conduct of Election Rules, and in particular by the violation of the rule of secrecy.

He founds a claim under paragraph 7(*1*) (*d*) of the Corrupt Practices Order on the ground that the election was not a free election owing to the large number of cases in which undue influence had been exercised. In the petition this claim is based on the pleadings as to the issue of the mandate and issue 8 was framed accordingly. In the course of arguments, some attempt was made to support it also by reference to alleged instances of exercise of undue influence, as to which evidence had been allowed to be given as showing the exact nature of the proceedings in the Assembly Hall at the time of the challenged election.

All the returned candidates, who were respondents Nos. 1 to 9, have appeared by advocates and filed written statements. Respondents No. 13 Syed Alial Hossain Azizur Rahaman, No. 18 Rai Bahadur Dr. Harendra Nath Das, No. 39 Khan Bahadur Sarafuddin Ahmed, and No. 43 Maulvi Wahiduzzaman also filed written statements supporting the petitioner and all except No. 39 gave evidence for him.

The main contest has been by Sir B. P. Singh Roy and Sir Thomas Lamb; and to a lesser extent by Mr. Hamidul Haq. For the candidates who were not nominees of the Coalition Party, the main contestant was Mr. Birendra Kishore Ray Chowdhury.

In his written statement Sir B. P. Singh Roy denies all the material allegations of the petitioner, in particular that there was any preconcerted plan to secure open voting, he denies that the rules were not enforced or that the members recorded their preferences in full view of the other members. Sir Thomas Lamb denies that any corrupt practice was committed in his interest, and with regard to most of the allegations of fact states that he has no knowledge of them and does not admit them; if any of the incidents took place what was done was done without his knowledge and consent; he denies that any of them materially affected the result of the election. Mr. Hamidul Haq Chowdhury and Mr. Abul Quasem make similar denials of all the allegations. Khan Bahadur Saiyed Muazzamuddin Hossain admits that some of the voters, without in any way being influenced by him or his agents, showed their ballot papers to each other at the time of the election; he states that he has no knowledge of and does not admit the other allegations, and denies that anything was done in his interest or with his connivance. Mr. Kamini Kumar Dutt claims that he was a candidate selected by the All India Parliamentary Sub-Committee of the Congress and was a nominee of that Party, that he was elected by first preference votes only, and he denies there were any irregularities. Mr. Birendra Kishore Ray Chaudhury claims that he was a nominee of the Congress Party, elected by more than his quota of first preferences, and he denies that there were any irregularities in the election. Mr. Altaf Ali claims that he was a nominee of the Krishak Proja Party, denies that there was any irregularity or that the result of the election was materially affected by such. Babu Amulyadhone Roy claims that he was the nominee of the Congress Party and the Independent Scheduled Caste Party, and for the rest his petition is in similar terms to that of Mr. Altaf Ali. It is unnecessary to say more in regard to the written statements filed by the remaining respondents which support the petitioner.

It is convenient to note here that Sir Thomas Lamb, Mr. Kamini Kumar Dutt, Mr. Hamidul Haq Chowdhury, Khan Bahadur Saiyed Muazzamuddin Hossain, and the petitioner were retiring members of the Council, while Sir B. P. Singh Roy was a member of the Assembly, and hence a voter, as was also Mr. Birendra Kishore Ray Chowdhury.

The following issues were framed:—

Issues:

1. (*a*) Do the allegations in the petition disclose any grounds for holding that the election of all or any of the elected respondents and if so, which of them was void?

(*b*) Does the petition disclose any grounds entitling the petitioner to the other reliefs claimed or any, if so, which of them?

(*c*) Is the petition maintainable?

2. Were the election rules referred to in paragraph 8 of the petition contravened as alleged in the said paragraph?

3. Did the Chief Minister and/or the Hon'ble Sir B. P. Singh Roy and/or Mr. K. Shahabuddin and/or Nawabzada K. Nasarulla act as alleged in paragraph 9 of the petition or use their influence or exercise pressure on Khan Bahadur Hashemali Khan, and Abdul Latif Biswas, and Moslem Ali Molla, and Alhadj Gyasuddin Ahmed Chowdhury or any of them as alleged in that paragraph?

4. Did the Returning Officer commit the irregularities or any of them alleged in paragraph 11 of the petition?

5. If the answer to Issues Nos. 2, 3 and 4 or any of them is "yes", was the whole election or the election of any of the elected respondents and if so, which of them materially affected thereby?

6. (*a*) Did Mr. K. Shahabuddin and the three other persons mentioned in S. 1(*a*) of Annexure B act as alleged in the said paragraph?

(*b*) If so, was the same a corrupt practice within the rules mentioned in S. 1 and/or S. 2 of Annexure C?

(*c*) Was it done in the interest of the 5 persons named in S. 1 of Annexure C or of any and if so, which of them?

(*d*) Was the result of the whole election materially affected thereby?

(*e*) If so, was the election of the persons mentioned in Annexure C thereof voided?

7. (*a*) Did the persons mentioned in paragraph 1(*b*) of the Annexure B act as alleged in the said paragraph?

(*b*) If so, was the same a corrupt practice within the rules mentioned in S. 1 and/or S. 2 of Annexure C?

(*c*) Was it done in the interest of the 5 persons named in S 1 of Annexure C or any and if so, which of them?

(*d*) Was the result of the whole election materially affected thereby?

(*e*) If so, was the election of the persons mentioned in Annexure C thereof voided?

8. Did the Chief Minister issue instructions as alleged in paragraph 2 of Annexure B. If so, did the Chief Minister by so doing exercise undue influence at all or in so large a number of cases that the whole election was not free?

9. (*a*) Did Mr. Salim act as alleged in paragraph 3 of Annexure B?

(*b*) If so, was the same a corrupt practice within the rules mentioned?

(*c*) Was it done in the interest of the 5 persons named or any of them?

(*d*) Was the result of the whole election materially affected thereby?

(*e*) If so, was the election of the persons mentioned in Annexure C thereof voided?

10. To what relief, if any, is the petitioner entitled?

We proceed now to discuss the issues.

Issue No. 1.—Mr. S. M. Bose appearing for Sir B. P. Singh Roy and Mr. Clough appearing for Sir Thomas Lamb raised the point that the pleadings were defective, though it was not pressed very strongly by them. This is true to some extent, and the defect has been indicated above in setting out the terms of the petition. The petition is a rather clumsy document, and though some improvement was made at the preliminary stages defects still remain. There was considerable difficulty in dealing with the petition as there were cross conflicts amongst the respondents themselves. A petition of this nature challenging a joint election by single transferable vote appears to have no precedent; the unknown nature of the country being explored rendered the lawyers of the respondents peculiarly nervous in accepting unanimously any particular changes. From what has already been said it will be seen that the pleading as to connivance of the candidates who were nominees of the Coalition Party is only to be found in the reference in Annexures B and C, giving particulars of corrupt practice, to paragraph 2 of Part I of the First Schedule of the Order, though there are facts pleaded in the petition to support such a pleading. Again the pleading that the corrupt practices under paragraph 2 of Part I were in the interests of the candidates which is necessary to support a claim under paragraph 7 (*1*) (*b*) of the Corrupt Practices Order is given in the annexure of particulars of the corrupt practices, and not in the petition itself, as it should be. Similiarly the pleading that the result of the election was materially affected by the corrupt practices under paragraph 1 of Part II of the Order is given in the annexures of particulars and not in the petition. Also, as noted above, there is a complete failure to plead this latter point in respect of the corrupt practices under Part II alleged against the Coalition nominees. However, the interested respondents were in no doubt that connivance was charged, and as to the evidence which was supposed to support that charge, and they duly dealt with

it in cross-examination. They were not misled by the other technical errors of pleading, and in view of the circumstances adverted to we do not think great strictness in the matter is to be insisted on. The petition cannot fail on these preliminary grounds and the answers to the first issue are in the affirmative in each case.

Issue No. 4.—The allegations in paragraph 11 of the petition were based on a misunderstanding. This was cleared up when Anath Bandhu Chatterjee (P. W. 10) was examined. The Returning Officer was Mr. Ali Afzal, Secretary of the Bengal Legislative Assembly, but this witness and another assistant were appointed under rule 57 (2) of the Conduct of Election Rules to perform, subject to his control, all the functions of the Returning Officer. After the voting was over in the Assembly Hall, the boxes were sealed and then removed under the personal supervision of these officers up to the tea-room in the same building for the purpose of counting. During the necessary periods when the proceedings of the counting were suspended, one or other of the assistants remained in charge of the papers, that is to say, the papers were always in charge of a Returning Officer. This issue was accordingly not at all pressed. The answer to this issue is in the negative.

It will be convenient at this stage to mention and dispose of one irregularity which was admittedly committed by the Returning Officer. In paragraph 12 of the petition the petitioner reserved the right to amend the petition in regard to the proceedings as to counting on his obtaining papers. At the end of arguments attention was drawn to what appeared from the counting sheet to be an obvious mistake in the method of counting the votes. The Commissioners sent for Mr. Afzal, and opened the packet containing the ballot papers. After examining the rules, and considering the counting sheet, Mr. Afzal agreed that a mistake had been made in respect of the surplus votes of Mr. Birendra Kishore Ray Chowdhury. At the first count Sir B. P. Singh Roy obtained 130 first preferences, Mr. Hamidul Haq Chowdhury had 1, and Mr. Birendra Kishore Ray Chowdhury had 26. In accordance with the rules the surplus of Sir B. P. Singh Roy was first dealt with, then that of Sir Thomas Lamb (obtained by transfer from Sir B. P. Singh Roy), then that of Mr. Abul Quasem, then that of Khan Bahadur Muazzamuddin Hossain. This was correct in accordance with rule 78 (5) (*e*) of the Conduct of Election Rules which requires that the largest surplus shall first be dealt with. By the last transfer, 26 votes went to Mr. Hamidul Haq, making 27 votes in all, so that he had a surplus of 2 over the quota of 25. At first the Returning Officer made a mistake, as the counting sheet shows, and as he admits, when he began in error next to eliminate the candidates at the bottom of the poll who had secured by then no votes. He realised this mistake, and went back to deal with the surplus of Mr. Hamidul Haq, transferring 2 votes to Mr. Habibur Rahaman. But he again repeated his mistake by leaving the surplus one vote with Mr. Birendra Kishore Ray Chowdhury, and proceeding to eliminate all the lower candidates by stages. The surplus vote of 1 went to Babu Amulyadhone Ray at the last transfer and gave him the seat by a majority of one vote over the petitioner. The transfer should in fact have been made immediately after the transfer of the surplus of Mr. Hamidul Haq. There were then still several candidates with no votes, so that the difference between the number of votes held by them was itself nil. Transfer of one vote could affect the position of these candidates, and so should have been made. The provision in rule 78 (5) (*e*) (*iii*) under which the Returning Officer need not transfer a surplus if it does not exceed the difference between the totals of the votes credited to the two continuing candidates lowest on the poll had no effect here.

It, therefore, became necessary for us to examine the 26 papers in which first preferences were accorded to Mr. Birendra Kishore Ray Chowdhury. The result showed that on these papers the second preference went to Babu Amulyadhone Ray in 20 instances, so that the surplus vote should have been transferred to him if made at the correct stage of the proceedings. The only effect of the error in fact was that this paper was not transferred until the last transfer instead of earlier, and the error could not have affected the result in any way. In other circumstances the error might have been material, but in fact it was not.

Strictly speaking a formal issue should have been raised on this point.

The remaining issues 2, 3, 6, 7, 8 and 9 are closely inter-related and so far as the facts are concerned may be discussed together; issues 3 and 7 are practically identical. The main issue of fact in this case stated in broad terms is whether, on the one hand, there was a concerted plan by the Coalition Party decided upon as alleged in paragraph 6 of the petition and carried out as alleged in paragraph 9 thereof, and in the other instances of specific corrupt practices mentioned in the annexures, and intentionally fortified by the issue of the so-called mandate so as to prevent members of the party from voting as they wished; or whether, on the other hand, what happened was merely that owing to various reasons voting was done in a rather casual manner in the body of the Assembly Hall, only the more punctilious going to the lobbies provided as screened places for voting, and whether therefore such instances, if any, as occurred in which actual marking of the voting papers was influenced at the time of the marking were isolated instances arising out of the circumstances, being themselves at most, merely graver instances of irregularity and possibly actually affecting the particular votes recorded. We may say at once that we are clearly of opinion that the petitioner has failed to make out his case that there was a concerted plan to influence the voting by improper methods, by supervision enforced by fear of consequences.

We will first discuss the evidence relating to the preliminary history shortly prior to the election, we will then endeavour to give a picture of what the evidence shows occurred generally during the actual election, and will then consider the specific allegations of the petitioner, first as set out in his petition, and next as deposed to by his witnesses, estimating the value to be attached to that evidence.

When the question arose as to what candidates should be supported by the Coalition Party at the forthcoming election, some members of the party, amongst whom Khan Bahadur Hashem Ali Khan was looked to as a leader, took strong objection to Mr. Hamidul Haq, and Mr. Habibur Rahman. There was some discussion at Gorachand Road where some members of the party are accustomed to put up during the time the Assembly is sitting. As a result their point of view was put before the leaders of the party, and Mr. K. Shahabuddin, the Chief Whip, met them and explained matters. Finally there was a meeting in the committee room at the Assembly House on the morning of the 29th February, where a trial ballot was held. There being no real opposition to Sir B. P. Singh Roy, or to Sir Thomas Lamb, the former being a minister, and the latter in any case practically safe for election on the votes of the European Group alone, these were adopted unanimously, and a trial ballot was held in respect of twenty-four Muslim candidates seeking the support of the party. As a result Mr. Abul Quasem obtained 60 votes, Khan Bahadur Saiyed Muazzamuddin Hossain obtained 51 votes, Mr. Hamidul Haq Chowdhury obtained 49 votes, and Mr. Habibur Rahaman 48 votes. Mr. Wahiduzzaman (P. W. 26), Mr. Habibulla Chowdhury (P. W. 5), Saiyed Alial Hossain Azizur Rahaman (P. W. 3) obtained 35, 33 and 4 votes respectively. The minutes of the proceedings are on record (Ex. A) together with the voting list (Ex. C). On the evening of the 28th February, there appeared in bold type in the *Star of India* a letter from Mr. A. K. Fazlul Haq, Chief Minister, in which he explained and expounded the importance to the party of securing proper representation in the Upper House, so that measures passed in the Lower House would not be obstructed there, that owing to the system of voting the result of the election would depend on the amount of co-operation and co-ordination between the voters, the chances being that "if the Coalition Party and the Europeans combine, we can have practically all our nominees elected". He added that "in a system of voting like this nothing is so fatal as disjoined and factional efforts in order to put through particular candidates." He also stressed the need of every member attending to vote.

It appears that even after the trial ballot, there was still some opposition to Mr. Hamidul Haq Chowdhury; Khan Bahadur Hashem Ali Khan and other witnesses speak of some members having said that they had taken a vow not to vote for him. This witness and others also state that they were dissatisfied with the trial ballot itself, as there was canvassing by ministers and irregularities. Another meeting was held on the night of the 1st March, at which the Chief Minister again explained the position. According to Mr. Shahabuddin, after this all the opposition died down. According to Khan Bahadur Hashem Ali, the Chief Minister somehow pacified the members not to alter what had been decided, but he himself repeated that some had made

a vow not to vote for Mr. Hamidul Haq. One Syed Abdul Majid (D. W. 7) then suggested, according to this witness, that there should be open voting on the following day. The witness expressed doubts if the election then would be valid, whereupon it was decided that whatever the result this course would be followed. In cross-examination the witness admitted that there was no formal resolution on the point. Somewhat similar evidence is given by Maulvi Md. Moslem Ali Molla (P. W. 1) and by Maulvi Abdur Rezzak (P. W. 4), who in cross-examination improves upon the story by saying that it was decided that there would be no screened place at all. Idris Ahmad (P. W. 9) states that the proposal for open voting was not entertained; Mr. Abdul Quasem (P. W. 22) states that the proposal was made, and he protested and left the meeting, there was no formal decision. Syed Gholam Sarwar Hossain (P. W. 27) states that there was no formal decision on the point, while Mr. Hasanuzzaman (P. W. 30) states that Syed Abdul Majid made the suggestion but it was not accepted. Syed Abdul Majid (D. W. 7) denies that he made any such suggestion while the other witnesses of the respondent who were at the meeting and were examined on the point all deny that there was any decision about it, some deny that any suggestion was made, while others state that they have no knowledge of the suggestion being made. Mr Habibulla Chowdhury (P. W. 4), a candidate, and a fairly close rival of Mr. Hamidul Haq Chowdhury in the trial ballot, states that he heard the latter, probably in the tea-room, saying that some members had taken a vow not to vote for him, and their papers should be examined, as also that of Khan Bahadur Mohammed Ali (D. W. 5), and son of Mr. Altaf Ali (respondent No. 2) who was nominee of the Opposition Krishak Proja Party. Mr. Wahiduzzaman (P. W. 2), another close runner-up of Mr. Hamidul Haq Chowdhury, alleges that he was on the verandah when the meeting of the 1st March was taking place, and heard about the proceedings from his father-in-law, and from Khan Bahadur Hashem Ali. He went along to Gora Chand Road that night, and there the Khan Bahadur told him he was sorry that he would not be able to vote for him as ballot papers would have to be shown. This witness along with Habibulla Chowdhury (who however himself says nothing of the incident) went along with another candidate to Mr. Humayun Kabir (P. W. 31) to ask him to get the newspapers to publish the allegation that there would be open voting. Next morning he attended at the election, and was given a place in the candidate's box whence he filed with the Returning Officer a petition (Ex. Ct. 3), in which he alleged that he had come to know that it had been decided that some members of the Coalition group would have to show the ballot paper after marking to the Chief Whip or Whips of the Party and other groups might also do the same thing, and that the secrecy of the voting would be lost thereby; he therefore prayed the Returning Officer to see that this was not done.

The final estimate to be attached to this evidence will be discussed after we have dealt with the incidents in the chamber at the time of the election.

The poll was timed for 12·15 p.m. We have the programme of the Returning Officer (Ex. Ct. 1) in which he had jotted down the more important points for his procedure as required by the rules. Ballot papers were distributed by his assistants, a mark being made on the division list against the name of each member to whom a paper was delivered. Grace time was then given and the Returning Officer then requested the members to proceed to ballot. The actual note of the Returning Officer regarding his instructions may be quoted:—"Grace time is over, I would now ask the members to proceed to any of the places screened from observation to record their votes according to the instructions on the ballot papers." ...."After recording your vote in the aforesaid manner and before leaving the screened place the electors are to fold the ballot papers to conceal their votes. The paper as folded should be placed in one of the ballot boxes provided. As soon as the ballot paper is placed in the box the elector must quit the place where the box is placed."

It is clear that the members were not disposed to take much notice of what the Returning Officer said. Mr. S. K. Sen in leading his evidence got all his witnesses who could remember anything about the instructions at all to say that the Returning Officer first read out the instructions, and then had the papers distributed. This would be wrong according to the rules, and we have no doubt that in fact he followed the programme which he had noted. The "screened places" were in one sense not screened at all; they were in fact the fixed tellers' seats which were inside the lobbies and facing the six lobby

doors of the Assembly, and consist each of a sort of chair and desk facing the lobby door, having a wooden partition at the back and on the left side. There is however no reason to doubt that in so far as they were actually used they were entirely satisfactory, and that such members as used them went one by one into the lobby, the door of which remained closed while each voter used the desk. The programme note shows that there were ten ballot boxes. There is practical unanimity that some of the boxes were kept in the well of the house while there is sufficient definite evidence, including that of the Returning Officer, and his assistant, Anath Bandhu Chatterji, together with that of witnesses such as Mr. J. C. Gupta (P. W. 17), Abu Hossain Sarkar (P. W. 13), Mr. J. N. Basu (D. W. 3), Mr. Shahabuddin (D. W. 4), Mr. Maguire (D. W. 11), Mr. Asraf Ali (D. W. 12), Mr. Azahar Ali (D. W. 14), most of whom actually voted in one of the lobbies, to show that at least five boxes in all were placed at five of the lobby doors. It was suggested to Mr. Ali Afzal that boxes were placed in the well of the house at the instance of Mr. Shahabuddin, and he said it was not impossible, he would not contradict it. There is no evidence to support the suggestion, and it was not put to Mr. Shahabuddin himself though it forms an important plank in the petitioner's case that all moved on a concerted plan.

There can be no doubt that these arrangements were defective from the point of view of inducing voters to vote properly and in secret. It is not surprising, human nature being what it is, that many voters did not bother to attempt to go to the lobbies in order to vote. There can be no suggestion that voters like Mr. Wordsworth, or Major Curtis Millar, or Mr. D. P. Khaitan, or the Mayor, Mr. Siddiqui, would not have taken the trouble to wait their turn and go to a lobby if the Returning Officer had observed them disobeying his injunctions and asked them to do so. He admits he was aware that a number of voters were not going to the lobbies, but he did nothing. It is clear that a definite protest was made by Mr. J. C. Gupta, and no doubt some protest was shouted by Mr. Zaman, Mr. Hashemi, and Mr. Samsuddin. It is clear that the Returning Officer had no proper control of the proceedings after the ballot papers were handed out. Mr. Wordsworth kept his paper for some time, and was evidently rather doubtful as to precisely when he was supposed to vote. The members were all well aware of the existence of the lobbies, but in the general confusion in which the proceedings were conducted some were doubtful as to whether they were really supposed to go to the lobbies or not, while others appreciated this and did so; others like Major Curtis Millar found it convenient not to bother to do so. No doubt the situation had its difficulties, and had the Returning Officer attempted to insist on strict compliance with the rules and succeeded, he would have put a considerable strain on the patience of the members, as, with the actual arrangements which were in existence for secret voting the proceeding would have been much more protracted if everyone had had to wait while each voter proceeded to a lobby. Major Curtis Millar is of opinion that the time factor was the chief cause of the laxity of procedure. It seems probable that marking of papers began before distribution was complete. The members were allowed to return to and remain in their seats after they had voted. This meant that they had to make the journey out from their seats past other members, some of whom might still be voting, to move down to the well to deposit their papers in the boxes, and then to return; some moved up to the lobbies, waited their turn there, and then returned to their seats. With two hundred and forty-seven persons so moving about there must have been considerable confusion. We have no hesitation in accepting the evidence of Mr. Wordsworth, and Khan Bahadur Muazzamuddin Hossain (himself a returned candidate) to the effect that in the confusion there was some showing of papers and open voting in the sense that near neighbours could in some cases see how others were marking their papers. It is to be remembered that whips had been issued by the other parties as well as Coalition Party so that most of the voting papers were marked in accordance with the respective whips; the counting sheet shows that some 200 papers were so marked. A large body of persons were placed together in circumstances inviting irregularity and departure from the strictly correct method of procedure, and in fact some 80 per cent. of them knew exactly how they intended to vote and that their neighbours knew how they intended to vote, and that they themselves were voting similarly. In such circumstances and in view of the delay that would have been caused to get persons to go through the formality of voting "in secret" it would have required some considerable tact on the part of the officer in charge to induce them to do so if he had felt obliged to see that the rules were obeyed, and that voting was

done in the screened places as directed by him. Actually he considered that he had no real power to enforce compliance with his directions, and that it was no part of his business to see that he was obeyed if seriously challenged. We think that he was not right in the view that he took of his powers and that he would have been fully justified in taking the boxes under his immediate control, and in refusing to allow any voter to put his paper in the box, who had not proceeded in accordance with rule 73 under his direction to the screened place and marked his paper there. Any paper marked otherwise could have been taken as spoilt and a new one could have been issued in its place, but if the voter refused to proceed to vote in accordance with the directions of the Returning Officer, the latter had full power to refuse to permit him to use the ballot box.

In reference to this matter, we may note only to reject it an argument put forward by Mr. S. M. Bose to the effect that as there is no specific rule in Part VI of the Conduct of Election Rules requiring the Returning Officer to keep order, so he has no duty to do so. Reference was made to rule 11 which requires Presiding Officers at Polling Stations to keep order, and the omission of any corresponding rule relating to the Returning Officer was relied upon to support the contention. We may merely refer to rule 65(*4*) which lays down that the Returning Officer is to preside over the election and to appoint Polling Officers to assist him, and add that it is scarcely necessary for rules specifically to provide that a president shall keep order and see that proceedings are regularly conducted.

We may similarly dispose of an argument advanced by Mr. Clough which appeared to be to the effect that it was sufficient compliance with rule 73 for the Returning Officer to tell the members to go to a screened place in order to vote, and to leave it to them to go and hide under tables, and find other suitable places or postures in which it could be said that their voting had been screened from observation.

A further argument advanced to justify the method of voting adopted was that the matter of secrecy was the privilege of the voter himself, which he might waive. We cannot accept this view in so far as it is put forward to substantiate a contention that such waiver does not constitute an irregularity, though admittedly it may be of some weight in considering the question of the effect of the irregularity on the election. The voter certainly has no right to disobey the rules, and to refuse to follow the procedure laid down, which it is the duty of the Returning Officer to see carried out. If the waiver is made by concerted plan of a number of voters in order to apply pressure on others to intimidate them not to exercise their right and duty to follow the correct procedure and vote in secrecy, the waiver might amount to undue influence, and it is part of the petitioner's case here that such undue influence was exercised. If the Returning Officer does not exercise his authority to see that his directions, made in accordance with the rules, are obeyed, he will either be permitting the exercise of such undue influence in his very presence, or at any rate be permitting a situation to arise in which such a contention can be made with some justification.

It must be conceded that there is considerable excuse for the Returning Officer in the present case in the fact that the system of voting laid down in the rules tends to create a difficult situation. We can see no need for assembling the whole body of members of the Assembly for the purpose of distributing papers to them; we can see no reason why voting should not be fixed between certain hours, members coming at their own time, each receiving a paper from the Returning Officer and then voting. If the present system is to remain, it is clear that it is particularly important that especially efficient physical arrangements must be made to simplify the officers' task in inducing the voters to mark their papers in screened places. The arrangements should be such that voters are made to depart from the voting hall after depositing their papers, and not permitted to come back amongst those with papers about to move to the voting booths. There was more than one indication in the evidence that the prevailing opinion was that this election was meant to be a sort of unofficial meeting of the Assembly with no one in particular in charge. Mr. Shahabuddin was under the impression that as whip he had functions to perform in seeing that papers were distributed. Mr. J. C. Gupta, whip of the Congress Party, had similar ideas. It is clear that the whips have no other rights than those of other voters.

Whether it is really possible to make satisfactory arrangements in the present Assembly Hall at all is a question to which the answer may be doubtful; it is easier to criticise the arrangements made by the officer than to work out something better. The hall itself has just sufficient seating accommodation for the members, while it is possible to fit the candidates and agents into the surrounding galleries, though it should be made clear that these have access to the Returning Officer to make necessary complaints. The lobbies are certainly unsatisfactory polling booths and far away from the control of the Returning Officer; if he places the boxes in the lobbies, they are out of his sight, and even if placed at the door they are far from his control; if they are in the well they create objectionable movement. If there were room in the well of the house to fit up a number of screened places with suitable barriers to lead the voters to them, this would be the most suitable arrangement, but it is doubtful if there is sufficient room. The fact seems to be that a circular hall and in particular the Assembly Hall is quite unsatisfactory for the purpose of holding an election in the manner laid down in the rules, and the Returning Officer had to do the best he could in the circumstances; he might conceivably have done better but it is only fair to him to point out the difficulties with which he had to contend.

We thus have a picture of the scene of some confusion which existed at the time of voting, due mainly to the rules themselves, partly to the choice of place of voting, partly to the absence of special arrangements necessary to maintain control, partly to the arrangement of depositing some boxes in the middle of the hall, partly to a lack of decisiveness on the part of the Returning Officer in attempting to enforce his directions when he found they were being ignored. We do not accept the description of the more extreme witnesses like Mr. Shamsuddin Ahmed, or Mr. Nausher Ali that there was pandemonium, but we do find that the proceedings were not conducted as Mr. Wordsworth has said, in the way in which we would expect a serious election to be conducted.

We will next consider the evidence relating to the general allegations of the petitioner that in pursuance of the plan of the Coalition Party, the whips and Ministers supervised voting. We may note at once that though particulars were given in the petition of instances of such supervision, not a single one was established so far as it concerned either a whip, or a minister. These instances will be discussed in detail below. The first point that strikes one is that it would be almost physically impossible for the whips and ministers to move about along the benches for the purpose of supervising actual voting. All the evidence we get of particular instances of interference or supervision is evidence of interference by neighbours either to the right or left on the same bench, or from the bench in front or behind that of the voter. Mr. Afzal himself denies that there was any such movement and we believe his assertion that he would have stopped such action if it had taken place. The ministers occupy the small block just to the right of the Speaker's chair in front of which the Returning Officer had his seat; some of them undoubtedly went to the lobby just behind by the passage to the right of their block, voted there, and then went to the well of the house to put their papers in one of the boxes. We have the evidence of Sir B. P. Singh Roy, the Maharajah of Kasimbazar, and of Mr. Asraf Ali on this point and we accept it. In so moving these gentlemen passed by the gallery in which the candidates were seated. No doubt they talked amongst themselves, and, as is admitted, also to some others. Mr. Habibulla Chowdhury (P. W. 5) himself definitely states that Sir B. P. Singh Roy merely went to the box and then returned, that he did not wander about the hall. He objected to the Returning Officer that Sir B. P. Singh Roy and Mr. Birendra Kishore Ray Chowdhury, who were candidates, should not be allowed to speak to voters and should be made to sit in the gallery with the other candidates. The correct form of his grievance would have been that he was himself not allowed in the voting hall proper. No one strictly speaking should have been allowed to speak to voters on the way to the box to deposit their papers, but with the arrangements made this was practically impossible to prevent or control.

There is some evidence in three cases of papers having been shown to ministers. Mr. Abdul Quasem (P. W. 22), some time acting Assistant Government Pleader in the High Court, whose seat is in the block next to the ministerial block and on the gangway, states that the Nawab of Dacca was standing by him when he voted and that he showed his paper to the Nawab saying the election was a farce and should be set aside; he also showed his paper to Sir Nazimuddin, who told him to do his business and go away. This witness is admittedly a bitter

opponent of Mr. Hamidul Haq Chowdhury. He says he does not remember to have seen any screened place, though in fact it is certain that there was one within a step or two of his seat, which was being used by the ministers for the purpose of voting. In our opinion he strongly resented having to submit to the party discipline, and to vote for Mr. Hamidul Haq Chowdhury, but he had not the slightest intention of not following the mandate. He showed his paper to the two ministers of his own volition; we do not for a moment accept his version that he did so because he had been told that papers would have to be shown. He was disgruntled because he had failed to get his own way over the matter of Mr. Hamidul Haq Chowdhury, he chose to vote at his seat and generally to make a fuss over the matter, voluntarily giving in with a bad grace to party discipline, and the needs of the situation. We have no doubt he was well aware of the principles expounded by the Chief Minister in the *Star of India* of the 29th February, and accepted them, knowing the need of unity, and that he voted accordingly though he did not like being in the minority so that he was one of those who had to give way.

The case of Mr. Mafizuddin Chowdhury (P. W. 32) referred to in paragraph 3 of Annexure B is discussed in detail below. In his evidence this witness stated that he showed his paper to Sir Nazimuddin, who told him there was no need to do so and to put his paper into the box. The evidence is in fact contrary to the contention that at any rate Sir Nazimuddin was supervising the voting.

Another witness who clearly showed his paper voluntarily was Idris Ahmed Mia (P. W. 9), who states that after voting he first showed his paper to Khan Bahadur Hashem Ali (P. W. 2) who gave him, what appears to have been some sort of mock certificate on the "whip" paper which had been distributed at the commencement of the proceedings signed (in cyclostyle) by the Chief Minister as Leader of the party (Ex. 2) containing the list of Coalition nominees. He then showed his ballot paper to the Chief Minister, who, he says, practically refused to look at it. Mr. Nausher Ali would have it that the voters were being brought up to the ministers to show their papers, and that they were mainly being brought up to the Chief Minister, a statement which finds little or no support from any other witness. Idris Ahmed himself was at the meeting where it is alleged that there was a suggestion that there should be open voting, and stated that the proposal was not entertained. He says that he showed his paper because on a previous occasion he had been suspected of not following the party mandate. It is evident he intended to vote according to the mandate, and merely took advantage of the laxity in the proceedings on the election day to make sure that he got credit for so doing, that he was in no sense supervised by the Chief Minister, or by anyone.

Khan Bahadur Hashem Ali states that he marked his paper in front of Mr. S. Suhrawardy, whom he saw standing just in front of him. He himself says that he would have in any case voted in the same way even if he had gone to the screened place. His seat is in the front row of the third block to the right of the Speaker's chair, that is to say, on the floor of the house, so that any minister going to put his paper in a box there would be close to him. It is clear that his action was merely another instance of the ostentatious display made by the band of objectors to Mr. Hamidul Haq Chowdhury to show that they were really behaving properly as good party members. This witness was a leader of those objectors, some of whom, like Idris Ahmed, appear to have come to him to obtain, as it were, certificates of good conduct.

Another witness who says his paper was shown to the Chief Minister is Mr. Abdul Hakim (P. W. 24). He has described himself as a determined rebel; he tabled a no-confidence motion against the Chief Minister, and has left the Coalition Party since the election which is now being called in question. He refused to accept a whip paper, and says he objected to having to vote for Sir B. P. Singh Roy, Sir Thomas Lamb and Mr. Habibur Rahaman. However he went to the centre reporters' table on the floor of the house, and there voted, one Mr. Sirajul Islam pointing out the names of the nominated Coalition Party candidates, since these were unknown to the witness. His paper was then taken by Mr. Sirajul Islam and waved in front of the Chief Minister, and he says he was made to vote as he did for fear of creating a scene. This witness adds that he had promised a vote to the petitioner some days before the election, and that he met him shortly after it, and told him about not having voted for him, though not all his present story. In fact no particulars of it are given in the petition at all, and we have little hesitation in rejecting the story as given.

We may here refer to the petition (Ex. Ct. 2) filed by a candidate Asaduzzaman and endorsed by Dr. Harendra Nath Das, another candidate (P. W. 19), at 4 p.m. before the Returning Officer to the effect:—

"In spite of your instructions, no secrecy of ballot is being observed, and voters are openly recording their votes in their seats. We want you to note this in your proceedings".

The Ministers were seated just in front of the gallery which these candidates occupied and had there been anything of the nature of general supervision by Ministers of the character alleged now, we should have expected some mention of it to be made in this petition.

We are clearly of opinion therefore that the petitioner has failed to make out his general charges against the whips and ministers alleging that they supervised voting, or used their influence or pressure in respect of particular voters. As we have already noted, the petitioner has entirely failed to support by evidence any of the charges in this matter of which he gave particulars in his petition. His general evidence is of a very vague character and in so far as it suggests that the whips and ministers moved amongst the seated members is extremely improbable. Such specific instances as are deposed to have been discussed above and merely go to show that some voters ostentatiously went out of their way to show their papers to ministers and others, having decided to follow the mandate, though with a bad grace.

We proceed next to discuss the evidence led by the petitioner in support of the charges of corrupt practices, particulars of which are given by him in paragraphs 1 (*a*), 1 (*b*), and (3) of Annexure B. These will have to be considered not only in their aspect as corrupt practices, but also in their aspect as irregularities. Regarded as corrupt practices, they might be disposed of at once on the ground that the evidence varies completely from the particulars.

In Annexure B, paragraph 1 (*a*) it is alleged that (*i*) Maulvi Abdur Rezzak, (*ii*) Mr. Abdul Wahab Khan, and (*iii*) Maulvi Mohammad Hasanuzzaman recorded their votes at the dictation of and in full view and under the supervision of, and handed over their ballot papers to, Mr. Shahabuddin, who looked into and scrutinised them, and himself put them into the box.

(*i*) Maulvi Abdur Rezzak (P. W. 4) is one of the strongest opponents of Mr. Hamidul Haq Chowdhury, whom he says he considers to be a traitor to the party. He asserts that there was an actual decision at the party meeting on the 1st March that there would be open voting. Accordingly he marked his paper sitting at his seat, and was seen by his neighbour Khan Sahib Aminulla. He asserts that he showed his paper to the members including Mr. J. C. Gupta, Chief Whip of the Congress Party, exclaiming that he was following the mandate, "just see that I am not blamed for any offence". He says that if the party mandates are not obeyed members are insulted, and so he wished to make it clear that he was obeying the mandate issued for the election. He asserts that at the time of the no-confidence motion some members were assaulted and socially boycotted. His evidence as to his protest is supported substantially by Syed Alial Hossain Azizur Rahaman (P. W. 3)), who was seated in the candidates' gallery. It was apparently after this incident that Mr. J. C. Gupta made some protest to the Returning Officer about the irregularity in that votes were not being recorded in screened places. Abu Hossain Sircar (P. W. 13) also refers to this incident, but says that Maulvi Abdur Rezzak showed his paper to the Chief Minister. Mohammad Mohosin Ali (P. W. 20) also refers to it. In our opinion this is merely another instance of ostentatious parade of graceless submission to the needs of the party system. We do not think that the witness was ultimately made to vote in the way in which he did by anything but his own decision to follow that mandate, and we do not accept his statement that he was actuated by fear of consequences nor do we think he would necessarily have voted otherwise if he had along with all the other voters voted in a screened place.

(*ii*) Abdul Wahab Khan was not examined and there is no evidence whatever in support of this charge in the petition.

(*iii*) Mr. Hasanuzzaman (P. W. 30) states that Syed Abdul Majid (D. W. 7), came and sat between him and Ghulam Sarwar Hossain (P. W. 27) and asked them to record their votes in his paper, while he reciprocated. This witness refused to vote for Mr. Hamidul Haq Chowdhury, but Syed Abdul Majid told him it would not be convenient

if he did not do so. He then marked his own paper and put it in the box. Abdul Majid snatched the paper of Ghulam Sarwar Hossain and marked it, and put it into the box despite the latter's protest. The whole incident is denied by Syed Abdul Majid (D. W. 7). This witness asserts that he would not have followed the mandate had he voted in secret. We do not believe that he was in fact really prevented from voting as he wished, though it is possible that had he been made along with all other voters to go to a screened place his final decision might have gone against his accepting the mandate. We think that at most what happened in his case was an irregular exercise of pressure by Syed Abdul Majid at the time the witness was marking his paper, though he was quite free to vote in whatever way he wished, and free to go to a screened place to do so. The same pressure exercised outside the hall, or rather even exercised inside it, provided that voting was actually being done in a screened place, would have been quite regular. The prime irregularity was in the voter being allowed to vote in the hall itself, and this was aggravated by his voting being overlooked and by pressure being applied at the time of voting. We do not consider that this in itself amounts to any exercise of undue influence, or a corrupt practice. The pressure did not interfere with the free exercise of the witness' vote, though it may have irregularly interfered with the actual exercise, swaying his will and decision irregularly at the stage of actual marking of the paper.

Thus neither of the above incidents Nos. (*i*) and (*iii*) mentioned in paragraph 1(*a*) of Annexure B (even in the form deposed to which is widely different from the particulars) amounts to a corrupt practice in our opinion, though the incident of Mr. Hasanuzzaman was an aggravated instance of the irregularities in voting outside the screened lobbies, which may have affected the vote of this witness in respect of Mr. Hamidul Haq Chowdhury: there is no evidence at all as regards the incident No. (*ii*).

Paragraph 1(*b*) of Annexure B repeats the terms of paragraph 9 of the petition, and alleges that in pursuance of the plan of the Coalition Party the Ministers, particularly the Chief Minister, Sir B. P. Singh Roy, and the party whips Mr. K. Shahabuddin and Nawabzada K. Nasarulla went round among the members while they were recording their votes and used their influence and exercised pressure on (*i*) Khan Bahadur Hashemali Khan, (*ii*) Mr. Abdul Latif Biswas, (*iii*) Mr. Moslem Ali Molla and (*iv*) Mr. Alhadj Gyasuddin Ahmed Chowdhury to record their votes in favour of particular candidates.

(*i*) The incident of Khan Bahadur Hashemali Khan's vote has already been discussed above in considering the cases where there was some evidence of papers having been shown to Ministers. The witness himself states that his vote was in no way affected, and that he would have voted as he did even if he had gone to a screened place. There was a mere irregularity in that the witness was not made to vote in a screened place and this in no way could have affected his vote.

(*ii*) Mr. Abdul Latif Biswas was not called. On the other hand in cross-examination of respondent's witness Mr. Abdus Saheed (D. W. 20), who stated that he had voted in the lobby, it came out that he waited for Mr. Biswas. It was then suggested to the witness that Mr. Biswas went to the lobby because this witness had attempted to interfere with him. The witness denied the suggestion. As it is the petitioner's case that the members were intimidated into voting against their real wishes, and had no way of escape, it is surprising that he should suggest that one of the persons named in the petition as having been a particular victim of the ministers or whips, had in fact taken the obvious measure of relief from such pressure by going to the lobby to vote.

(*iii*) Moslem Ali Molla (P. W. 1) states that he objected to voting for Sir B. P. Singh Roy; unlike most of the objectors with whom we had to deal, he was in favour of Mr. Hamidul Haq Chowdhury. His story is that one Zahur Ahmed told him to vote according to the mandate, that the witness then asked the former to put the figures himself, but he refused. The witness then put his paper in the box. He says generally that Nawabzada Nasrulla, Mr. Salim, Mr. Shahabuddin and Sir Bijoy were supervising others, but is specific that only Zahur Ahmed looked over his paper. This witness is also one of the few who asserts that there was a definite decision at the party meeting on the 1st March, that there would be open voting. He asserts more emphatically in cross-examination that ultimately he was forced in the house to follow the mandate; when he wanted to go to the screened place to

vote according to his own choice, he was made to vote according to the mandate. We cannot accept his improved version that he was actually prevented from voting as he wished. At most pressure was put upon him at the time of actual voting by Zahur Ahmed, and he voted accordingly. We think that had he really wished finally not to follow the mandate he would either have done so in the house or moved to the screened place closeby. He was seated in one of the rear seats. We do not think his evidence proves any corrupt practice even against Zahur Ahmed. It is however possible that if he had been made to go to a screened place along with all the other voters, his vote for Sir B. P. Singh Roy would not have been cast.

(*iv*) Alhadj Gyasuddin Chowdhury (P. W. 23) alleges that when he was about to vote he found Khan Sahib Hamiduddin Ahmed (D. W. 6) and another probably Zahur Ahmed, looking over his shoulder. He objected, and they said it did not matter, they wanted to see what he wrote. He voted according to the mandate, but he would not have voted for Mr. Hamidul Haq Chowdhury if he could have voted without being overlooked. He explains that the doors were closed, and that he never tried to get out. He also alleges that he was afraid of persecution, assault, and about his actions being written up in the newspapers. Khan Sahib Hamiduddin Ahmed describes as false and malicious the allegation that he looked into the paper of this witness. We were not at all impressed by the evidence given by the witness and prefer to accept the denial of Khan Sahib Hamiduddin Ahmed.

Thus of the four incidents referred to in paragraph 1(*b*) of Annexure B none, even as deposed to, amounts to a corrupt practice and only that relating to Moslem Ali Molla is a case of an irregularity by which it is possible that the vote of the witness might have been affected, so far as regards Sir B. P. Singh Roy.

In paragraph 3 of Annexure B, it is alleged that Mr. Mafizuddin Chowdhury after he had recorded his votes on the ballot paper was approached by Mr. S. A. Salim who wanted to see how the former had recorded them. On his refusing, Mr. Salim snatched away his paper, returned it to the Returning Officer, and obtained a new paper forcing Mr. Mafizuddin Chowdhury then to vote according to the mandate, and to hand over the paper to Mr. Salim who put it in the ballot box. This story is not supported in this form at all by Mr. Mafizuddin Chowdhury (P. W. 32). He says that he objected to having to vote for Sir B. P. Singh Roy. He first voted as he wished, when Mr. Salim told him he should vote according to the mandate. He then handed his paper to Mr. Salim, and himself went and obtained a new paper from the Returning Officer, marked it according to the mandate as pointed out by Mr. Salim. He then showed the paper to Sir Nazimuddin who told him that there was no need to show his paper, and that he should put it in the box. The witness then says that he does not remember exactly, but thinks that he had put cross marks against 8 or 9 names in the first paper. In fact there is no spoilt ballot paper marked in any way like that. The witness states that there was some difference between the League Party and the Proja Party as to voting for Sir B. P. Singh Roy, and that the League Party wished them to vote for Sir B. P. Singh Roy, hence at Mr. Salim's instance he voted for the former. As the witness cannot even remember how he marked his spoilt paper it is doubtful if what happened was more than that he made an error in marking his paper owing to his defective knowledge of English, since he admits he does not know English well. We have not been able to obtain the version of Mr. Salim, the reason offered being that on the last day fixed for hearing evidence, he was unable to return to Calcutta from Dacca owing to a recrudescence of the riots there. We accept this explanation. We may note that Moslem Ali Molla (P. W. 1) supports the story in the petition that Mr. Mafizuddin Chowdhury's paper was snatched away by Mr. Salim, although Mr. Chowdhury himself does not say so. Mr. Wahiduzzaman (P. W. 26) says he saw Mr. Salim take up one member for a fresh paper, but he could not say who the member was. Mr. Abdul Hakim (P. W. 24) also supported the story of snatching; while Khan Bahadur Hashemali Khan says that he heard about it from Mr. Moslem Ali Molla. We accept the version of Mr. Mafizuddin Chowdhury to the extent that it shows that Mr. Salim interfered or assisted him in his voting. The evidence in no way supports any charge of exercise of undue influence or of corrupt practice against Mr. Salim. It may be that but for the interference by Mr. Salim, and if Mr. Chowdhury had been made to vote in a screened place he might have marked his paper otherwise, not voting for Sir B. P. Singh Roy; the case may be taken as proof of an irregularity

that may have affected a vote for Sir B. P. Singh Roy. We cannot put the matter higher than that, since Mr. Chowdhury cannot identify his spoilt paper, and the only version he gives of the spoiling, namely, that he marked some cross marks on the paper, cannot be correct.

It remains to discuss the evidence given by some witnesses in regard to alleged specific instances of interference with voting, which were not mentioned in the petition, nor have been considered above in discussing the allegations of interference by the ministers. These may be divided into three groups:—

(1) the cases of (*i*) Shah Ghulam Sarwar Hossain (P. W. 27),
(*ii*) Syed Masudali Khanpani (P. W. 29), who objected to Mr. Hamidul Haq;

(2) the case of (*i*) Rai Sahib Kirit Bhusan Das (P. W. 6),
(*ii*) Rasik Lal Biswas (P. W. 11), and
(*iii*) Mr. Mohosin Ali (P. W. 20), who all say that they had promised their first preferences to the petitioner; and

(3) the case of Amir Ali Mian, who states that he was opposed to Mr. Habibur Rahaman, and in favour of the petitioner and Mr. Hamidul Haq Chowdhury.

(1) (*i*) The case of Shah Ghulam Sarwar Hossain has already been referred to in discussing the case of Mr. Hasanuzzaman (P. W. 30), who stated that Syed Abdul Majid came and sat between these two, and snatched away the paper of Ghulam Sarwar Hossain to mark it. The latter's version is that Syed Abdul Majid after talking to Mr. Hamidul Haq Chowdhury came and sat between the two, telling them to vote as he did and showing his paper to them. The witness marked his paper 1, 2, 3, 4 and was searching for the name of Habibulla Chowdhury, when Abdul Majid pointed to Mr. Hamidul Haq's name and told him to put a "5" there. He then caught the witness' hand, and finally himself marked a "5" against the name of Mr. Hamidul Haq Chowdhury. In cross-examination he added that Syed Abdul Majid also put a "6" against the name of Mr. Habibur Rahaman. Syed Abdul is then said to have taken the paper despite the witness' protests and to have put it in the ballot box. He says that he asked the clerk to give him a fresh paper, but in the bazar *golmal* no one listened to him. We find it very difficult to accep this story which is denied by Syed Abdul Majid (D. W. 7). The witness was sitting beside the passage and next to the ministerial block, not far from the Returning Officer, and also close to the gallery where the candidates were seated. If any such scene, as his story suggests, really took place, we should have expected better evidence on the point. We think that whatever happened has been worked up, and that the evidence relating to it is so unreliable as to be useless for any purpose.

(1) (*ii*) Syed Masudali Khanpani merely says that Mohammad Israil stood behind him while he voted, looking at his paper, and did not move when asked why he was standing there. He adds that left to himself with secret voting he would not have voted for Mr. Hamidul Haq Chowdhury. This witness sits, as he states, in an isolated place in the fifth block counting to the right from the Speaker's chair; there appears to have been nothing to prevent him from going to the lobby if he wished, and we do not think his evidence really establishes more than that, but for the party decision, he would not have voted for Mr. Hamidul Haq Chowdhury, but that he freely decided to accept that decision and to vote accordingly.

(2) (*i*) Rai Sahib Kirit Bhusan Das alleges that he had promised his first preference to the petitioner, and would have so voted, but for the fact that Mr. Pulin Behari Mullik came and filled up his paper for him. Mr. Patiram Ray is alleged to have been sitting alongside, and it was understood he would be called as a witness to the incident, but he has not appeared. On the other hand Mr. Mullik has not been examined by the respondent. The witness told Dr. Suren Das (P. W. 7), who was evidently to all intents and purposes the petitioner's agent for this election, that he had not been able to vote for the petitioner owing to the mandate. In cross-examination it was suggested that the witness was in some dilemma as to whether to keep his promise to the petitioner or whether to vote according to the mandate and that Mr. Mullik's action solved his difficulty, and the witness accepted the suggestion. It is quite clear that the witness did not tell Dr. Das his present story, otherwise it would certainly have found a prominent place in the petition. We do not think that the evidence establishes even that it would have made the slightest difference whether the

witness had voted in the presence of Mr. Mullik or in the lobby. He was wavering, and discussed the matter with Mr. Mullik, and finally decided to follow the mandate and would have voted accordingly even had he gone to the lobby. The witness in fact suggests that he may possibly have marked a "7" against the petitioner's name on his paper, which he may have done as a salve to his conscience.

(2) (*ii*) Rasik Lal Biswas alleges that he too had promised his first preference to the petitioner, but that Mr. Atul Chandra Kumar, an assistant whip of the Congress Party, came and stood in front of him, so that he could not do so. This witness has since left the Congress Party, and had sent in his resignation some time previous to the election. On the day in question there was a split in the Congress Party and two whips had been issued, one by the All-India Parliamentary Sub-Committee in favour of Mr. Kamini Kumar Dutt and Babu Amulyadhone Roy, and another by the party of Mr. Sarat Bose in favour of Mr. Birendra Kishore Ray Chowdhury and Babu Amulyadhone Roy. This witness protested in the witness box against disclosing his method of voting, and was informed that he need not make any statement on the point, but in re-examination for some reason or other he stated that in fact he voted giving his first preference for Mr. Haridas Mazumdar, and second preference for Mr. Arabinda Shaw. He thus completely contradicted his whole story that Mr. Atul Chandra Kumar prevented him voting for the petitioner, for in fact he did not vote according to the party mandate which according to him Mr. Kumar was there to see enforced. This story of Mr. Biswas also is not found in the petition, though he admits he met the petitioner several times in the lobbies after the election. This witness also supports the story of Mr. Mullik's interference with Rai Sahib Kirit Bhusan Das, though that took place a considerable distance away from him. We have little hesitation in rejecting his evidence as totally unreliable.

(2) (*iii*) Mr. Mohosin Ali states that he had promised the petitioner his first preference and that he meant to keep his promise; he says he had decided not to vote for Sir B. P. Singh Roy and Mr. Hamidul Haq Chowdhury despite the mandate. He asserts that he would have so voted, had there been secret voting, but that Zahur Ahmed came and stood in front of him while he voted, he having told the latter a day or two previous to the election that he would not vote for Mr. Hamidul Haq Chowdhury, and he states that owing to this supervision he followed the mandate. This witness had been attending the hearing of the evidence before the Commissioners for some days and was then asked by the petitioner to give evidence. He says he had met the petitioner several times after the election, but had always avoided him out of some feeling of shame. Finally he came face to face with him in the High Court Building somewhere about the end of January, when he ascertained that this present petition had been filed or was about to be filed. The witness then first informed him that he had not managed to vote for the petitioner at the election, whereupon the latter told him that he would have to depose in this case. We are quite unable to accept the story given by this witness; he did not create a favourable impression in the witness box, and his evidence entirely failed to carry conviction. When pressed in cross-examination he produced the reason given by earlier witnesses that he was afraid of assaults such as had taken place at the time of the no-confidence motion; also the story that he could not go to a screened place as he would be suspected by prominent members, also adding, remembering his previous evidence, that there was in fact no screened place. We consider that the evidence of this witness cannot be relied on to establish anything more than perhaps the fact that he voted sitting at his seat.

(3) Mohammad Amir Ali Mian (P. W. 31) states that he had promised his votes to one Khairul Alam, to the petitioner, and to Mr. Hamidul Haq Chowdhury, while he objected to Mr. Habibur Rahaman. He came to the Assembly on the day of election intending to vote for these three to whom he had promised his vote, provided the voting was secret, though he had not decided upon the order of voting. He merely states that he voted while seated at his place in the Assembly because he found everyone else doing so, and adds that those near him looked into his paper, Mohammad Ibrahim being beside him, and Mr. Salim behind him. He says that accordingly he could not vote according to his own choice, but had to vote according to the mandate. Even assuming this statement to be correct, since we do

not know whether his choice would have fallen on Mr. Hamidul Haq Chowdhury who was elected, or on the petitioner for his first preference, his evidence is of no assistance to show whether the result of the election was affected by his voting being overlooked by others. He says he could not vote in the lobby as the ballot boxes were not there and the doors were closed, but this is not correct. There is nothing in the evidence as to this incident to support any charge of undue influence. We are of opinion that this witness freely decided to vote according to the mandate, the only irregularity in the matter being the fact that he did not vote in a screened place, but this did not affect his vote at all.

We may now summarise our conclusions on the evidence given with regard to particular incidents. In the first place the evidence given does not amount to proof of the exercise of undue influence in any of the instances. As we began by saying, before discussing the cases set out in the annexures of particulars in the petition, evidence was either not at all given in support of those particulars or else as given was totally at variance with them. In the view we take of the evidence it is not necessary for us to consider whether the petitioner should be allowed to establish such instances, founded on facts different from those given in his petition. During the hearing the petitioner sought to amend his list of particulars to accord with the evidence, but his application for this purpose was refused. It is also further unnecessary for us to consider whether, even assuming that the acts alleged amounted to the exercise of undue influence by the particular persons named, they were done with the connivance of and in the interests of any of the candidates, or whether, regarded as corrupt practices under paragraph 1 of Part II of the First Schedule of the Corrupt Practices Order, they materially affected the result of the election of any of the candidates. In forming our conclusions as to the evidence given to establish undue influence, we have necessarily had in mind the evidence relating to the preliminaries including the meetings of the Coalition Party held prior to the election, and the allegation in paragraph 6 of the petition that there was a plan to secure open voting. We noted above that we reserved final consideration of the weight to be given to that evidence until we had discussed the evidence relating to the incidents at the time of the election itself. The whole body of evidence is necessarily inter-related. We are satisfied that what happened in the hall during the time of the election was due to the circumstances then existing, which we have already discussed, and was in no way due to any plan decided upon by the Coalition Party. All parties were similarly involved, and the root cause was the nature of the system provided in the rules, by which some three hundred persons were assembled together, and the difficulty of controlling them in the circumstances, in particular with the arrangements actually made by the Returning Officer. The evidence that there was any such decision is unacceptable, the evidence that the ministers and whips acted in accordance with the alleged decision is equally lacking, and such evidence as is given of actual acts within the Assembly Hall itself, by others than the ministers, shows clearly what was the sole and inadequate foundation for the charges, namely, some instances where the marking of a member's paper was overlooked, or where a neighbour spoke to another at the time of marking to persuade him to vote according to the mandate.

In the second place we have to summarise our conclusions on the evidence of particular instances of interference to estimate their importance as evidence of irregularities. As stated above, we think that in the cases of Mr. Moslem Ali Molla (P.W. 1) and of Mr. Mafizuddin Chowdhury (P.W. 32) there may have been interference by Mr. Zahur Ahmed, and by Mr. Salim respectively, and to put the case at its highest, if these voters had been made to vote regularly in a screened place, they might not have given their first preference to Sir B. P. Singh Roy. Similarly in the case of Mr. Hasanuzzaman (P.W. 30) interference by Syed Abdul Majid may have affected the vote of this witness as regards Mr. Hamidul Haq Chowdhury in the sense that had he been made to vote regularly he would not have voted for this candidate. As regards the other instances also we conclude that there was no interference, there being either merely an ostentatious display of his paper by the voter, or else the voter voted freely according to his wish though overlooked by neighbours. In other instances, particularly the cases of Rai Sahib Kirit Bhusan Das (P.W. 6), Rasik Lal Biswas (P.W. 11), and Mr. Mohosin Ali (P.W. 20) in which evidence was given that interference prevented promised first preferences from being marked in favour of the petitioner, we are

unable to accept the evidence given as establishing more than the fact that the voters in question did not go to a screened place to vote or that if the voter had had any idea of voting for the petitioner he chose freely not to do so but to follow the party whip. The legal effect of these findings will be considered below.

We have still to deal with the charge in paragraph 2 of Annexure B relating to the issue of the so-called mandate by the Chief Minister in the press on the morning of the election, and also to discuss some further irregularities said to have been established by the evidence.

The mandate or whip issued in the Assembly on the morning of the election was in the form of a request to the members to cast their preferences for the candidates named, and in the order named. It is signed (in cyclostyle) by Mr. A. K. Fazlul Haq, described as "Leader of the Party". In the newspaper version the whip is printed verbatim without the signature, and is preceded by a paragraph to the effect that "Mr. A. K. Fazlul Haq, Chief Minister and Leader of the Assembly Coalition Party, has issued the following statement". Some attempt was made by the petitioner to show that this whip was treated as a special case in being signed by the Chief Minister, and it was contended that this was an instance of improper use of his influence and powers by a minister to affect the course of an election. We are satisfied that the whip was signed by Mr. Fazlul Haq in the usual course as was the practice at the time, though this practice has now been changed and whips are signed by the Chief Whip of the party. The whip itself is in form correct, Mr. Fazlul Haq being described as the leader of the party, though his description as Chief Minister is added in the newspaper version, for which of course the newspaper authorities may be responsible. This matter seems to us clearly one in which Mr. Fazlul Haq was entitled to use his influence as leader of his party, and he cannot be deprived of the right to use that influence because he happens to be a minister. We know in fact that leaders of other parties in the house acted similarly. The reasoning in his letter of the 29th February, published in the *Star of India* is manifestly sound, accordingly a decision by the party as to their nominees was essential. The whip did no more than embody and publish that decision for the information of all concerned. As we have already said there was no general plan of coercion on members, and the issue of this whip signed by Mr. Fazlul Haq was certainly not part of any such plan to overawe and intimidate wavering members of the party. The charge of corrupt practice in numerous instances based on the issue of this mandate totally fails. This disposes of issue No. 8. We may further add that the issue of the whip in no sense constitutes any irregularity in the conduct of the election.

We may next briefly mention three further irregularities said to have been established by the evidence.

(1) In accordance with rule 73 voters after placing their papers in the box should quit the place where the box is situated as soon as they have voted. The evidence is that the boxes mostly used were those placed on the floor of the house, surrounded by members seated and talking to each other, who were waiting in the hall after they had themselves voted. This was irregular.

(2) It is admitted that Mr. Meshbauddin Chowdhury, as agent for Sir B. P. Singh Roy, was allowed a seat along with other candidates and agents. As Sir B. P. Singh Roy was himself present both as candidate and voter, this was irregular.

(3) It was brought out that Mrs. Shahabuddin was given a fresh paper by someone other than Mr. Ali Afzal, the Returning Officer. As there is nothing to show that this was not done by one of the two assistants appointed under rule 57(2) of the Conduct of Election Rules with the powers of a Returning Officer, no irregularity in this matter is established.

We are now in a position to dispose of issues 3, 6, 7, 8 and 9, and thereafter it remains merely to discuss the legal effect of the irregularities established.

Our answers to each of the questions raised in issues 3, 6(*a*), 7(*a*) and 9(*a*) are in the negative. The questions in issue 6(*b*), (*c*), (*d*), (*e*), and in issue 7(*b*), (*c*), (*d*), (*e*), and in 9(*b*), (*c*), (*d*), (*e*), do not arise. Our answer to issue No. 8 is that Mr. Fazlul Haq as leader of the Coalition Party issued the instructions as alleged in paragraph 2 of Annexure B, but that in so doing he did not exercise any undue influence at all.

Issue No. 2.—We find that the following irregularities were committed:—

(*a*) There was a breach of rule 73 of the Conduct of Election Rules, in that a large number of voters did not go to a screened place to vote in accordance with the directions of the Returning Officer nor did they proceed thence with folded ballot paper to the ballot box. Some members after voting in their seats showed their papers to others, some were overlooked at the time they marked their papers.

(*b*) There was a further breach of rule 73 in that many members did not quit the place where the ballot boxes were situated after they had placed their papers in the boxes.

(*c*) An agent of one candidate, namely, Sir B. P. Singh Roy, was permitted to remain in the hall although the candidate himself was present. This was a breach of rule 68 of the Conduct of Election Rules.

Issue No. 5.—We have to consider whether the result of the election was materially affected by any of the above irregularities. Relying on cases relating to decisions on proceedings governed by section 13 of the Ballot Act, 1872, and some Indian cases which follow those decisions without clearly indicating precisely what were the terms of the election rules involved, Mr. S. K. Sen has urged on behalf of the petitioner that he having established irregularity, it is for the respondents to show that the result of the election has not been materially affected thereby. This contention is directly contrary to the clear wording of paragraph 7(*1*)(*c*) of the Corrupt Practices Order, by which our proceedings are governed. If the provisions of this paragraph are read and compared with the negative form in which section 13 of the Ballot Act is drafted, it is clear that the onus is differently placed by the two provisions. Under the English Act the Tribunal hearing an election petition is enjoined not to interfere with the election if it appears to it that the non-compliance with the rules or mistake in the use of forms did not affect the result of the election. Clearly if there is any reasonable doubt in the matter the petitioner will succeed. Hence Lord Coleridge, C.J., in Woodward, v. Sarsons (L. R. 10 C. P. 733) in interpreting the section has laid down that "It will be equivalent to this, that the non-observance of the rules or forms which is to render the election invalid, must be so great as to amount to a conducting of the election in a manner contrary to the principle of an election by ballot, and must be so great as to satisfy the tribunal that it did affect or might have affected the majority of votes; or in other words, the result of the election." In the direct form in which provision is made for this matter in paragraph 7 (*1*) (*c*) of the Order there is no scope for interference on the ground that in the opinion of the Commissioners the result of the election *might* have been affected by the irregularity. This view has been taken in respect of a similar provision to that laid down in paragraph 7 (*1*) (*c*) in three cases reported in Hammond's Election Cases (1936 edition), namely, in Bulandsahr District (East) 1921 (page 219), Lahore City (M). 1921 (page 469), and Patna West (N. M. R.) 1927 (page 535). It may be that in some circumstances the provision in this rule may operate harshly, where a tribunal may feel that the result of an election may well have been affected by a serious irregularity, but it may be impossible for the petitioner to establish this positively; but we have to interpret and follow the rule as it stands.

So far as the general irregularity of voting which took place in the present election is concerned, which we have found in paragraph (*a*) above in answer to issue No. 3, we do not think it could have affected more than a few votes, regarding the matter as one merely of speculation in the circumstances. The irregularity itself to a large extent was due to the fact that owing to the operation of the party system so far as most voters were concerned secret voting was merely a superfluous formality. But we cannot speculate on what might have happened had voting been done in a regular manner; it is for the petitioner positively to establish an effect due to irregularity. In our opinion as found above he has at most succeeded in doing so in three cases, and even that proof does not amount to more than establishing that two of these voters, Mr. Moslem Ali Molla, and Mr. Mafizuddin Chowdhury, might not have voted for Sir B. P. Singh Roy if they had voted regularly, while Mr. Hasanuzzaman might not have given a fifth preference for Mr. Hamidul Haq Chowdhury. This again would not

suffice. But even if we were to hold that he had succeeded positively in establishing in these cases that the votes would have gone otherwise, still this would be insufficient even to establish that the actual result of the election *might* have been affected thereby and still less would it be sufficient to establish positively that the result of the election *had in fact* been affected thereby. Sir B. P. Singh Roy had an enormous surplus of votes, namely, a fivefold surplus over the quota required, since he obtained 130 votes, whereas the quota required was only 25 votes. Unless the petitioner could fulfil the obviously hopeless task of proving that this surplus of 125 votes would have wholly melted away but for the irregularity of voting he must fail as regards this candidate.

So far as regards Mr. Hamidul Haq Chowdhury, he finally had a surplus of two votes, so that even if we accepted it as proved that Mr. Hasanuzzaman's preference in favour of Mr. Hamidul Haq Chowdhury would have gone otherwise had he voted regularly, this could not have affected his election. We may further point out that Mr. Hamidul Haq Chowdhury had 27 votes as against the 14 votes of the petitioner, so that the petitioner would have to establish that the irregularities would have deprived Mr. Hamidul Haq Chowdhury of 13 of the papers *finally counted for him*, unless he could also show that some of these papers would also have gone to him, in which case the necessary number would be correspondingly reduced from thirteen. We may further point out that it would not be sufficient for this purpose merely to prove that 13 voters would not have given their fifth preferences to Mr. Hamidul Haq Chowdhury. The counting paper shows he obtained one second preference on the 130 papers containing first preferences for Sir B. P. Singh Roy, and 26 fifth preferences on the papers as finally allotted to him. The parcels of 25 papers forming the quotas of the other four elected nominees of the Coalition Party were in effect selected by chance in successive stages out of the total number of papers allotted to each successively before transfer. We may presume, since we know that there was voting by agreement according to a fixed list, that most of these papers, probably all, contain the name of Mr. Hamidul Haq Chowdhury as fifth preference. In fact unless this were the case it would be unlikely that Mr. Hamidul Haq Chowdhury would succeed in obtaining practically his proportionate share (namely, one fifth of 127 papers) as fifth transferee of the total number of papers. If his name appeared as fifth choice on 26 papers only, it would indeed be against the laws of chance that all 26 would happen to emerge at the end in his pile. The system of counting is evidently based on the assumption that the laws of chance will operate with reasonable evenness so as not to favour any individual unduly. If then the petitioner wishes to show that, say, 13 of the actual papers counted for Mr. Hamidul Haq Chowdhury would not in fact have come to him, he will actually have to satisfy us that some 60 or 65 voters would not have voted for him.

So far as concerns Babu Amulyadhone Roy, who defeated the petitioner by one vote, the petitioner has totally failed to establish his case that owing to irregularities some specified persons were prevented from voting in his favour, so that he actually lost some votes thereby. There is nothing in the evidence to suggest even as a matter of speculation that anyone who voted for Babu Amulyadhone Roy would have voted otherwise if the voting had been done regularly. It may be that if the Coalition Party had not decided upon a list of nominees and that the party should vote accordingly, a few of the petitioner's friends in that party might have voted for him. But there was nothing irregular in that decision or in the fact that it influenced the voting, so that any possible loss of votes due to that cause is outside our consideration. The petitioner thus fails to establish positively that the irregularities proved in fact did materially affect the result of the election so far as regards himself and Babu Amulyadhone Roy.

So far as the other six returned candidates are concerned, the irregularities which we have found in paragraph (*a*) in answer to issue No. 3 have not been shown in any way to have affected the results of their elections.

The other irregularities found in our answers in paragraphs (*b*) and (*c*) to issue No. 3 could not in our opinion have materially affected the result of the election of any candidate, and the petitioner has certainly failed to prove that they did so affect it.

Our answer therefore to issue No. 5 so far as it relates to issue No. 2 is in the negative.

Issue No. 10.—The petition thus fails in all respects, and the petitioner is entitled to no relief.

Before parting with the case we think we should refer to one matter although it does not strictly arise in view of the findings at which we have arrived on the facts. Mr. Bhudhar Haldar appearing for Babu Amulyadhone Roy contended that if our findings were against his client we must set aside the election as a whole. We are merely called upon, however, to express our opinion on the matters mentioned in paragraph 7 of the Corrupt Practices Order and possibly also to make a declaration under paragraph 3. Although we may find that the result of our so doing would in fact be useless to the petitioner, and possibly be unfair to Mr. Haldar's client, no other power is given to us by the rules. We think that under paragraph 7 of the Order we are only entitled to express an opinion in respect of each particular returned candidate against whom a petition has been presented, and in proper cases the result will be that the election of that particular returned candidate will be void. We do not think we could hold that the election of a particular candidate should be held to be void although grounds for that conclusion cannot be found in the terms of paragraph 7, merely because we know that the "remedy" provided by the provisions as to the filling of vacancies created by our findings will be entirely infructuous so far as the petitioner is concerned.

The anomaly in this matter which Mr. Haldar sought to avoid for his client had our findings been against him, consists in the rules which treat as casual vacancies, vacancies that might be caused by our findings, and deal with them in the same way as vacancies caused by resignation or death. If we were to come to findings which would render the election of Babu Amulyadhone Roy void, the result would be that under the terms of rules 64 and 84 of the Conduct of Election Rules, as amended by notification No. 1244 A.R., dated the 16th November 1940, the vacancy would have to be filled by election of a candidate of the General Community, namely, the community to which Babu Amulyadhone Roy belongs. The result would be that some candidate of that community would be elected most probably by the absolute majority of the Coalition Party, and that neither Babu Amulyadhone Roy, nor the petitioner, between whom the real issue may really have lain at the disputed election, would have a chance of being elected at the subsequent election held to fill the vacancy. The result would have been even more anomalous had the petitioner happened to be a member of the Muslim Community. He would not, under the rules, though succeeding in his petition, have even been able to be a candidate at the subsequent election held to fill the vacancy caused by his success. The present rule is to the effect that so long as all the nine candidates are not unseated, that is to say, if only eight or less are unseated, then the new candidates to fill the so-called casual vacancies created must be of the communities of the candidates unseated. In other words though those candidates have been elected irregularly, or through corrupt practices, they will have at least staked out a claim for their communities for the seats. The system of election by means of the single transferable vote is so interlocked that unless anomaly is to be avoided it seems difficult in fact to provide for interference with one election without the election being upset as a whole. This in turn leads to some anomaly in that entirely innocent persons duly elected would have to be unseated. Babu Amulyadhone Roy and the petitioner, for example, cannot be put in the position of contesting for a seat except at an election where there are eight other seats being filled, besides the ninth which is the only one that can come into the picture so far as they are concerned; only thus can these two be enabled to repeat the contest found to have been irregular. It is evident therefore that some choice of evils is needed, and it is not for us to attempt a solution. As it is we have gone beyond our strict functions in drawing attention to the anomaly in the rules as they stand.

We think we should also draw special attention again to our criticism of rule 65 of the Conduct of Election Rules, which in our opinion is the root cause of the difficulties and irregularities which have arisen in this case, and we recommend examination of the question whether there is any need to collect all the members of the Assembly before distributing ballot papers to them. We venture to suggest that unless there is some special reason unknown to us the rule be amended so that the election may proceed in the usual manner between certain fixed hours, members arriving to vote in their own time, and leaving at once after voting. To avoid any chance of duplication members might be asked to sign on receipt of a ballot paper.

It came to our notice that counting of votes proceeded till a late hour of the night. The system is complicated and requires a clear head. We suggest that there is no reason why counting should have to be done immediately after the election or why it should not be adjourned till a later day, with the usual precautions for sealing boxes and custody during the interval.

We have given careful consideration to the matter of costs. There was clear and glaring irregularity in the proceedings, and we think the petitioner to some extent performed a useful public function in challenging these proceedings, though investigation shows that the difficulties in the way of a petitioner in these cases so far as he relies merely on proof of irregularities, are very great. He has, however, also attempted to exaggerate his case and has made serious charges of commission of corrupt practices on little or no foundation. So far as concerns respondents other than those who were nominees of the Coalition Party, they were necessary parties in so far as the petitioner claimed the seat by a recount, and though he never made direct charges against them, it was necessary for him to include them in view of the ambiguity as to the law. We award, therefore half costs to Sir B. P. Singh Roy and Sir Thomas Lamb, and we estimate such half costs at Rs. 1,250 in each case; we similarly award half costs to Mr. Hamidul Haq Chowdhury and estimate them at Rs. 250, also to Mr. Abul Quasem, and estimate them at Rs. 100. Khan Bahadur Saiyed Muazzamuddin Hossain supported the petitioner to some extent in his petition, and deposed for him, we think he should bear his own costs. The other returned candidates were mainly concerned only to answer a point of law, and the chief contest for them was made by Mr. Birendra Kishore Ray Chowdhury; we award him Rs. 250 as costs, and the others Rs. 100 each. We award no costs to the remaining respondents.

Brajamohan Dutt's Prize for Indian Ladies for the year 1940-41.

The following subject has been selected for "Brajamohan Dutt's Prize" of Rs. 45 for the year 1940-41:—

Women and Citizenship.

The conditions for the award of the prize are—

(1) That the competition be open to all educated women, being natives of Bengal, without regard to age.

(2) That the prize of Rs. 45 be given for an essay to be written either in Bengali or Sanskrit.

(3) That the essays be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays to the Secretary to the Provincial Text-book Committee, Writers' Buildings, Block No. 1, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt's Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette.*

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the Gazette as the winner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners, adequate, no prize will be awarded.

The certificate of the head of the institution should also contain the subjects the candidate had in his I.Sc. Examination. The candidates will also be required to submit the I.Sc. or both I.Sc. and B.Sc. mark-sheets in original according as they have passed the I.Sc. or both the examinations.

4. Admission of students into the Civil pupils' class is restricted to students, male or female, who are permanent residents or domiciled in Bengal. In case of domicile, the candidates must submit domicile certificates from the Magistrate of the district to which the candidate belongs.

5. The minimum preliminary qualification for admission is that the candidate must have passed the Intermediate Examination in Science of the Calcutta University or an examination recognised as equivalent to it, with Mathematics, Physics and Chemistry (which include a practical test in each of the subjects excluding Mathematics) in the First Division. Preference will, however, be given to the candidates passing the aforesaid examination with Biology (which includes a practical test) in addition to the three subjects stated above. Candidates without Biology, if admitted, will be required to make their own arrangements for attending a college recognised in Biology simultaneously with their medical course for a pass certificate in that subject up to the Intermediate standard of the Calcutta University.

The condition of passing the I.Sc. Examination in the First Division may be relaxed in favour of the Muslim and the Scheduled Caste candidates whose minimum qualification for admission is that they must have passed the I.Sc. Examination with the subjects mentioned above, at least in the Second Division.

6. After the 25th May 1941 notices will be issued from time to time on the Notice Board of the college informing the candidates the dates and hours when they will be interviewed by the Selection Committee. No separate notice will be sent to a candidate's address.
